Aqueous Multi-Plus

Aqueous Multi-Plus is a liquid multiple vitamin/mineral supplement that is not only great tasting but also easy to take. It is suitable for both adults and children, particularly beneficial for children who may face challenges swallowing pills or capsules.

SKU #T158
(480 ml)

BENEFITS

Elderly support

Children support

Multi-mineral support

Liquid vitamin support

INDICATION

- General support: especially effective with children, seniors, and those who will not or cannot take tablets

SUGGESTED USE

One (1) tablespoon (15 mL) for adults and children 4 or more years of age and one-half (½) tablespoon for children under 4 years of age each day as a dietary supplement or as otherwise directed by a healthcare professional.

Biomega-3 Liquid™

Product # 1401 (7 fl oz) | High Potency Omega-3 Liquid

Biomega-3 Liquid™ provides omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each teaspoon supplies 2,490 mg of EPA and DHA, as well as 405 mg of other omega-3 fatty acids. Natural lemon flavoring makes this product easy to enjoy.

Recommendation: One (1) teaspoon each day as a dietary supplement or as otherwise directed by a healthcare professional.

Ingredients: Omega-3 fish oil (anchovy), natural lemon flavor, sunflower oil, natural tocopherols, rosemary extract and ascorbyl palmitate.

Contains ingredients derived from anchovy.

One teaspoonful contains 2,400 milligrams of omega-3 fatty acids, providing 1,450 milligrams of EPA and 1,040 milligrams of DHA. The omega-3 fatty acid is sourced from anchovy. The oil used in this product is the same as that used in BioMega-500 and BioMega-1000. Complete information on processing, form of oil, etc., can be found under BioMega-1000 in this document.

Bio-DK Caps™

Product # 1022 (60C) | Emulsified for Enhanced Utilization

Bio-DK Caps™ supplies 125 mcg (5,000 IU) of vitamin D3 and 550 mcg of vitamin K (as K1 phytonadione and K2 menaquinone-7) as a micro-emulsion for enhanced absorption and utilization. In addition to emulsified forms of vitamins D and K, **Bio-DK Caps™** contains the enzymes superoxide dismutase (SOD) and catalase. SOD aids in cell repair and provides antioxidant protection against cellular damage from free radicals and environmental toxins.+ Catalase converts hydrogen peroxide into oxygen and water, also showing strong antioxidant properties.+

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Those taking blood thinners should avoid supplementation with Vitamin K unless specifically recommended and monitored by their physician. Pregnant and nursing mothers should avoid supplemental intakes higher than the RDI (90 mcg) unless specifically recommended and monitored by their physician.

BIO-DK MULSION and BIO-DK CAPS – Five drops of Bio-DK Mulsion contain 125 micrograms (5000 IU) of emulsified vitamin D3 and 300 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 4 to 1 ratio. Each Bio-DK Cap contains 125 micrograms of emulsified vitamin D3 and 550 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 10-to-1 ratio. Both products contain SOD and Catalase. Vitamin D and K work synergistically to optimize bone and heart health, and vitamin K is essential for correct calcium utilization. Vitamin K activates osteocalcin and matrix Gla-protein (MGP), proteins that assist in directing calcium to bones and teeth and away from arteries. Both products contain K-1 (green leafy vegetable source) and K-2 (MK-7), as they work synergistically to support bone strength and help prevent calcium deposition in the arteries.

For further information on vitamin K and vitamin D, please review the information listed under Bio-D Mulsion, Bio-D Mulsion Forte, Bio-K Mulsion, and Bio-K Forte Caps. For Bio-DK Mulsion, the average dose is five drops per day. For Bio-DK Caps, the average dose is one capsule per day.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. Bio-D-Mulsion®

Product # 1007 (1 fl oz) | Emulsified for Enhanced Utilization

Bio-D-Mulsion® supplies vitamin D3 (400 IU per drop) in an emulsified form to aid in uptake and assimilation. While the importance of vitamin D for musculoskeletal health is well documented, its importance in numerous other aspects of health are now recognized, such as cardiovascular health and immune function.⁺ Also noteworthy is the fact that inadequate levels of vitamin D are extremely common.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Drop (0.04 mL)		
	Amount Per Serving	% Daily Value
Vitamin D (as cholecalciferol)	10 mcg (400 IU)	50%

Other ingredients: Water, gum arabic and sesame seed oil.

WARNING: This product is intended to be used under the direction and supervision of a healthcare professional. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin D has been shown to cause serious health problems.

Natural vitamin D₃ (lanolin source) in an emulsified liquid form (10 micrograms per drop = 400 IU). Synergist to calcium and magnesium. Use with diastolic hypotension, parathyroid dysfunction, bone healing, osteoporosis, patients who avoid the sun or are housebound, fibroids, and endometriosis. 4–8 drops in a glass of pure water, 2–3 times a day with meals. Product is also effective in some cases of psoriasis when applied topically. Keep out of the reach of children.

Bio-CMP™

Product # 6600 (100T) Product # 6601 (250T) | Electrolyte Minerals

Bio-CMP™ is a special electrolyte blend that combines the minerals calcium, magnesium and potassium. A meaningful elemental amount of each mineral is provided and allows just the right amount to be used to meet each unique clinical situation. **Bio-CMP™** can be used proactively or to address specific instances associated with occasional electrolyte imbalances.*

Recommendation: One (1) tablet one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Calcium (as calcium gluconate)	18 mg	1%
Magnesium (as magnesium gluconate)	5 mg	1%
Potassium (as potassium chloride)	52 mg	1%
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source), modified cellulose gum and magnesium stearate (vegetable source).

Each **Bio-CMP™** tablet contains:

- 200 mg of Calcium Gluconate
- 100 mg of Magnesium Gluconate
- 100 mg of Potassium Chloride

A combination of calcium, magnesium, and potassium. Excellent for muscle and menstrual cramps. The product is also useful for adrenal hyperfunction, bursitis, edema, tendonitis, food/environmental sensitivity, exposure to radiation, low-salt diets, and inflammation. 1–2 tablets, 3 times a day. With acute muscle or menstrual cramps, use 6 tablets when the cramps begin and then 4 tablets per hour for up to 6 hours.

BioDoph-3 GI™

Product # 1203 (30C) | Gastrointestinal Support

BioDoph-3 GI™ is a synergistic probiotics formula containing three clinically validated probiotic strains shown to be effective in randomized and controlled trials. Mediated by targeted mechanisms such as production of short chain fatty acids, acetylcholine and polyphosphate granules, **BioDoph-3 GI™** promotes intestinal barrier integrity, balances gut microflora, helps break down lactose and supports a healthy mood.*

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Bromelain Plus™ (Lactose Free)

Product # 1252 (100T) | Inflammatory Pathway Support

Bromelain Plus™ supplies bromelain and papain, along with inositol and the amino acid L-cysteine. This product provides supplemental enzyme support in the form of proteolytic (decomposition of protein) activity. It may be beneficial as an aid in helping with muscle pain due to overexertion by supporting the body's natural anti-inflammatory response.[†]

Recommendation: One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Bromelain (2,500 MCU/g) (from pineapple)	100 mg	*
Papain	10 mg	*
Inositol	10 mg	*
Cysteine (as L-Cysteine hydrochloride)	5 mg	*

* Daily Value not established

Other ingredients: Cellulose, vegetable culture [†], stearic acid (vegetable source), modified cellulose gum (vegetable source), magnesium stearate (vegetable source) and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of lactose-free bromelain. Use for inflammation and infant digestive problems. For infant digestive distress use 1 tablet, twice per day with food. For adult inflammation use 3 tablets, 3 times a day on an empty stomach. If the inflammation is acute, increase to 5 tablets, 3 times a day on an empty stomach.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Biomega-500™

Product # 1424 (90S) | Superior Quality Omega-3s

Biomega-500™ provides omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each softgel capsule supplies 500 mg of EPA and DHA, as well as 70 mg of additional omega-3 EFAs.

Recommendation: One (1) softgel capsule with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Softgel Capsule		
	Amount Per Serving	% Daily Value
Calories	10	
Calories from Fat	10	
Total Fat	1 g	2%†
Saturated Fat	<0.5 g	<3%†
Omega-3 Fatty Acids	570 mg	*

† Percent Daily Values based on a 2,000 calorie diet.
* Daily Value not established

Ingredients: Capsule shell (gelatin, glycerin and water), vitamin E (as mixed tocopherols).

Contains ingredients derived from anchovy.

Each softgel capsule of Biomega-500™ contains a total of 500 mg EPA and DHA, providing a natural source of the following Omega-3 fatty acids:	
EPA (Eicosapentaenoic acid)	285 mg
DHA (Docosahexaenoic acid)	215 mg

Product is the same as BioMega 1000 except each softgel contains 500 mg of EPA/DHA. BioMega 1000 – Each softgel capsule contains 1000 mg of omega-3 essential fatty acid in the triglyceride form (sourced from anchovy). Studies have shown the triglyceride form is hydrolyzed by lipase 12 to 15 times faster than the ethyl ester or monoglyceride form. It is sourced from a strategically placed facility in the far South Pacific Ocean off the coast of Chile, minimizing transit time. Some fish oils are processed continents away from where they are harvested, dramatically increasing the time (some up to one year) from the ocean to the patient/client (longer transit time means higher risk of oxidation). Unique and gentle patented processes are used to purify the oil from contaminants, yielding a colorless oil with record-setting low TOTOX levels. Each batch of BioMega 1000 oil has a certified origin; it can be traced back to who caught the anchovies and when they were caught. The triglyceride form of omega-3 oil has been found to be helpful with neurological, emotional, cardiovascular, immune system, and cell membrane health. It is also excellent support for inflammatory and glucose management problems. 1–3 BID.

Bio-Ae-Mulsion®

Product # 1004 (1 fl oz) | Emulsified Vitamin A

Bio-Ae-Mulsion® is a source of Vitamin A in an emulsified form, to assist with uptake and assimilation. Each drop supplies 600 mcg (2,000 IU) of vitamin A as palmitate.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Warning: For adult use only. Keep out of reach of children. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin A has been shown to cause serious health problems.

Supplement Facts

Serving Size: 1 Drop (0.04 mL)

	Amount Per Serving	% Daily Value
Vitamin A (as palmitate)	600 mcg RAE (2,000 IU)	67%

Other ingredients: Water, gum arabic, sesame seed oil and d-alpha-tocopherol (as an antioxidant).

600 mcg RAE of vitamin A per drop (a small amount of vitamin E is added to prevent oxidation) in an emulsified form to increase assimilation and lymphatic absorption. Use with any condition involving free radical attack, kidney or bladder dysfunction, night blindness, and skin disorders. 2 drops in a glass of pure water, 3 times a day just before meals. See cautions for vitamin A listed under Bio-AE-Mulsion Forte. It should be noted that vitamin A is one of the first nutrients to be depleted during viral infection.

BioDoph-7 Plus®

Product # 1285 (60C) | Comprehensive Probiotic & Prebiotic Support

Probiotic supplements are classically known to contain viable, defined microorganisms in sufficient quantities which work to alter the microbiota and, thus, exert beneficial health effects.* **BioDoph-7 Plus®** supplies a specific blend of 3 prebiotics and 7 probiotics extensively tested to ensure optimal colonization with bacterial strains recognized for their bioactivity. It contains 20 billion viable organisms per capsule, providing optimal probiotic coverage.

Recommendation: One (1) capsule one (1) to two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving
Proprietary Blend	400 mg
Inulin (from Chicory root)*, Arabinogalactans (from Larch)*, Marshmallow (Althea officinalis) (extract) (root)*, <i>Bifidobacterium bifidum</i> BB-06*, <i>Bifidobacterium lactis</i> BL-04*, <i>Bifidobacterium breve</i> BB-03*, <i>Lactobacillus paracasei</i> LPC-37*, <i>Lactobacillus plantarum</i> LP-115*, <i>Lactobacillus salivarius</i> LS-33*, <i>Streptococcus thermophilus</i> ST-21*	

* Daily Value not established

Other ingredients: Vegetarian capsule shell (modified cellulose) and magnesium stearate (vegetable source).

Each capsule of **BioDoph-7 Plus®** contains more than 20 billion organisms at time of manufacture.

Contains an ultra-trace amount (0.3 ppm) of milk constituents which are used in the fermentation of probiotic ingredients.

Designed by Dr. Gary Lasneski. Each 400 mg vegetarian capsule contains a proprietary blend of seven different prebiotics and probiotics with each capsule containing 20 billion viable organisms at the time of manufacture. The prebiotics include Inulin from Chicory root, Larch Arabinogalactan (IAG), Marshmallow Root, and the probiotics include *Bifidobacterium bifidum*, *Bifidobacterium lactis*, *Bifidobacterium breve*, *Lactobacillus paracasei*, *Lactobacillus plantarum*, *Lactobacillus salivarius* and *Streptococcus thermophilus*. BioDoph-7 Plus should be considered with decreased gut immunity, to stimulate phagocytosis, to help relieve gastric inflammation, with diarrhea and as follow-on treatment (after ADP) with yeast, bacterial and parasitic problems. 2-3 capsules daily. Note: With decreased gut immunity (reduced secretory IgA) use BioDoph-7 Plus with IAG, Cytozyme-THY and Immuno-gG. BioDoph-7 Plus is the premiere probiotic product produced by Biotics Research Corporation. Although not required, shelf life on this product will be extended if refrigerated when not in use.

Buffered Vitamin C

Introduced to the U.S. market by Allergy Research Group® in 1979

Stephen Levine, PhD, and Allergy Research Group® pioneered the development of buffered vitamin C products. ARG continues to offer the purest and least allergenic vitamin C products available. In addition to their significant content of ascorbic acid, our corn- and cassava root-source Buffered Vitamin C products supply the macrominerals calcium, magnesium, and potassium, giving an acid-alkaline buffering action (pH 7.0 in water), potentially improving bowel tolerance.* The calcium and magnesium content is approximately one half the RDI per heaping teaspoon, which may make it desirable for individuals who do not regularly consume dairy products.*

Buffered Vitamin C Powder

with Calcium, Magnesium, and Potassium

Item #70000
240 grams (8.5 oz.)

Buffered Vitamin C contains high-purity ascorbic acid buffered with carbonates of potassium, calcium, and magnesium. Developed by Stephen A. Levine, PhD.

Suggested Use

As a dietary supplement, ½ heaping teaspoon or more in 8 to 12 oz. of liquid between meals, or as directed by a healthcare practitioner. As with all vitamin C formulations, as one begins to achieve body saturation, “bowel tolerance” may be temporarily exceeded and diarrhea or loose stools may occur. As the high levels of vitamin C in the tissues become used up, the bowel symptoms should ease. Ideal for controlling acidity often associated with hypersensitivity reactions.*

Serving Size: 1/2 teaspoon (2.35 g)

Servings Per Container: 102

Amount per serving:

Vitamin C (as Ascorbic Acid)	1067 mg
Calcium (as Calcium Carbonate)	202 mg
Magnesium (as Magnesium Carbonate)	107 mg
Potassium (as Potassium Carbonate)	45 mg
Other ingredients: Microcrystalline cellulose.

Biocidin TS

Daily Herbal Throat Spray

Biocidin TS is an easy-to-use throat spray that contains our proprietary Biocidin Botanical Blend. It was the subject of a human clinical trial – the gold standard in science: Participants (athletes tested post-workout) showed a rapid increase in immune activity within 60 minutes of use. Biocidin TS throat spray empowers you. Clear clinical support for a healthy immune response – giving your body what it needs to do its best work.

BENEFITS

-  Primes salivary defenses through the Excretion of SIgA
-  Promotes daily wellness
-  Supports health in the upper respiratory tract
-  Indispensable for seasonal support
-  Immunomodulatory activity
-  Upper respiratory support while traveling
-  Pleasant taste appeals to children and adults
-  Dairy free
-  Gluten free

INDICATION

- Use at the first sign of any upcoming upper respiratory infection including the first sign of a sore throat, flu, general malaise, feverish, fatigue
- Immune response support
- Respiratory health
- Children's upper respiratory support
- To arrest secondary infection due to seasonal allergies

SUGGESTED USE

Spray 3 times in mouth towards back of throat (and swallow) as needed or as directed by your healthcare professional.

Bio-D-Mulsion Forte

Bio-D-Mulsion Forte delivers a potent 2,000 IU per drop of vitamin D3 in a micro-emulsion form for enhanced absorption and utilization. Clinical studies have shown notable improvements in 25(OH)D concentrations (a 202% increase) within just six weeks of starting supplementation with Bio-D-Mulsion Forte.

SKU #1012
(30 ml)

BENEFITS

Treats hypovitaminosis D

Easy to administer for greater compliance

Safe for infants and toddlers

Supports overall health

Gluten free

Dairy free

GMO free

INDICATION

- General support
- Immune support
- Musculoskeletal support
- Vitamin support
- Hypovitaminosis D
- Free radical conditions
- Hypertension
- Insulin resistance
- Epilepsy
- Polycystic ovary syndrome (PCOS)
- Osteoarthritis
- Autoimmune diseases (grave's disease, hashimoto's thyroiditis, systemic lupus erythematosus, rheumatoid arthritis..)

SUGGESTED USE

Two (2) drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Drops (0.08 mL)
Servings Per Container: 365

	Amount Per Serving	% Daily Value
Vitamin D (as cholecalciferol)	100 mcg (4,000 IU)	500%

Other ingredients: Water, gum arabic and sesame seed oil.

Bio-D-Mulsion Forte® is an oil-in-water emulsion. Vitamin D oil has been dispersed into microscopic particles to aid absorption and assimilation.

This product is gluten and dairy free.

Calcium Citrate

Pure, Well-Absorbed Calcium*

 Hypoallergenic

Item #70230

180 vegetarian capsules

Calcium is an important macromineral. Calcium in the citrate form is well-absorbed.*

Suggested Use

As a dietary supplement, 1 capsule one to three times daily between meals, or as directed by a healthcare practitioner. Calcium is better absorbed when taken in repeated doses throughout the day. When taking calcium supplements, consideration should be given to supplementing also with magnesium.

Contraindicated with use of aluminum-containing drugs.

Serving Size: 1 capsule

Servings Per Container: 180

Amount per serving:

Calcium (as Calcium Citrate) 150 mg

Other ingredients: Hydroxypropyl methylcellulose, L-leucine.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Children's-ENT Pro®

Product # 1145 (60L) | Healthy ENT Function

Children's ENT-Pro® is a pleasant-tasting strawberry-flavored proprietary probiotic lozenge that supplies newly isolated *Lactobacillus rhamnosus* LB3 and *Lactobacillus delbrueckii* LE strains, along with *Lactobacillus plantarum* LM, *Bifidobacterium longum* and *Bifidobacterium bifidum*, combined to support otolaryngeal health in children.+

Recommendation: One (1) lozenge each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: May contain trace amounts of milk and egg protein.

A new (September 2018) product from Biotics Research Corp. Product contains two newly isolated probiotics – *Lactobacillus delbrueckii* LE and *Lactobacillus rhamnosus* LB3 strains along with *Lactobacillus plantarum* LM, *Bifidobacterium longum*, *Bifidobacterium bifidum*, Lysozyme and Fructooligosaccharides in a pleasant-tasting strawberry flavored lozenge. Clinical testing of this product indicated that it had high levels of antagonistic activity toward the microbes frequently found in chronic ENT infections; in addition to a high degree of adhesion to the mucous coat of the upper respiratory passages. Application of the product revealed a statistically reliable increase in the number of tonsillar cells producing IgA. This combination also produced proficient response by TH-1 type cytokines. The probiotic combination in this product will become the standard of care for adults and children with acute or chronic ENT problems and will also be widely used by the DDS/DMD community. Suggested dose is 1 per day or higher levels in acute phase problems. Irrespective of the dose used, allow the lozenge(s) to dissolve in the mouth or chew thoroughly.

CurcuWIN® 500

Increased Absorption and Retention*

CurcuWIN® 500 contains turmeric (*Curcuma longa*) root extract, concentrated to a minimum of 20% curcuminoids. CurcuWIN® has significantly higher absorption compared to other curcumin ingredients.

In a well-controlled human clinical trial, the first curcumin study of its kind to compare commercial curcumin products, CurcuWIN® increased relative absorption of total curcuminoids 46-times over standard curcumin. CurcuWIN® also has longer-lasting action with higher serum concentrations after 12 hours.* CurcuWIN® curcumin uses a molecular dispersion process (Ultrasol technology) which converts oil soluble nutrients into water-dispersible ingredients to enhance bioavailability and retention.*

Saccharomyces boulardii

Friendly Probiotic Yeast*

Best Seller

Item #71050

60 vegetarian capsules

Item #77230

120 vegetarian capsules

A probiotic, non-colonizing yeast species closely related to brewer's yeast and not related to the yeast group to which candida belongs. *Saccharomyces boulardii* taken orally supports the production of secretory

IgA, and helps friendly probiotic bacteria to colonize the GI tract.* It is a transitory microorganism and is eliminated after supplementation is stopped.*

Both extensive studies and clinical use suggest *Saccharomyces boulardii* can help displace unfriendly yeast species in the GI tract.* During its use, friendly probiotic bacteria are able to colonize in the GI tract, supporting a healthy micro-ecology.* *S. boulardii* has been used in Europe after antibiotic use to support normal gastrointestinal tract function.*

Suggested Use

As a dietary supplement, 1 to 3 capsules three times daily, preferably on an empty stomach, or as directed by a healthcare practitioner.

Serving Size: 3 capsules

Servings Per Container: 20 (Item #71050), 40 (Item #77230)

Amount per serving:

Saccharomyces boulardii 9 Billion CFUs

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, stearic acid, silicon dioxide.

Garlic Plus™

Product # 1102 (100T) | Garlic plus Vitamin C & Chlorophyllins

Garlic Plus™ supplies garlic concentrate with chlorophyllins and vitamin C. Derived from clove, the unique compounds inherent to garlic such as alliin and the enzyme allinase that combine to form allicin are maintained. As the main active ingredient in garlic, this compound supports the immune, cardiovascular and gastrointestinal systems.+ Some of the mechanisms ascribed to garlic include supporting a healthy microbial balance, proper blood pressure and proper blood clotting.+ Combined with chlorophyllins and vitamin C, the unique combination can serve a supportive role in many clinical protocols.

Recommendation: One (1) tablet with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Vitamin C (as ascorbic acid)	180 mg	200%
Garlic (<i>Allium sativum</i>) (clove)	500 mg	*
Chlorophyllins (from Mulberry leaf)	10 mg	*
* Daily Value not established		

Other ingredients: Methyl-cellulose, stearic acid (vegetable source), cellulose, silica and food glaze.

Each **Garlic Plus™** tablet provides the natural constituents of 1,500 mg of fresh, whole garlic combined with vitamin C and chlorophyllins in a sustained released formulation.

Source of pure garlic concentrate that has not been deodorized, in a base of vitamin C and chlorophyll. Use to enhance immune function, with hypertension, for fungal and yeast infections, prevention of colds and flu, and other viral problems. 1 tablet, 3 times a day with meals.

Immuno-gG[®]

Product # 5291 (100C) | Colostrum/Immune Support

Immuno-gG[®] supplies a supplemental source of immunoglobulin G from bovine colostrum. It is fortified with the amino acids L-lysine and L-arginine. As a source of colostrum, it provides support for healthy immune function.⁺ Colostrum supplies carbohydrates, fats, vitamins, minerals, and proteins (antibodies) that support the immune system.⁺ The antibody levels in colostrum can be 100 times higher than that present in regular cow's milk. Bovine colostrum may be beneficial for supporting the immune system, nervous system, a healthy mood, normal wound healing, and for facilitating a sense of well being.⁺

Recommendation: Two (2) capsules three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 2 Capsules		
Servings Per Container: 50		
	Amount Per Serving	% Daily Value
Immunoglobulin G (from bovine colostrum)	240 mg	*
L-Lysine Hydrochloride	120 mg	*
L-Arginine Hydrochloride	60 mg	*
* Daily Value not established		

Other ingredients: Capsule shell (gelatin and water) and food glaze.

Contains dairy sourced ingredients, not recommended for those allergic to milk.

Two capsules contain 240 mg of Immunoglobulin G (from bovine colostrum), 120 mg of lysine and 60 mg of arginine. Product was formulated to provide immune support for viral conditions, immune compromise in the small intestine (leaky gut, reduced secretory IgA) and other immune problems. 1-2 capsules, 3 times a day just before meals. When used with gastric immune problems (reduced secretory IgA), product should be considered with IAG, BioDoph-7 Plus and Cytozyme-THY.

Immune Support Packs

The Immune Support Packs are specially curated packs containing a comprehensive array of nutrients aimed at supporting body's natural immune response.* Each packet incorporates essential immune-supporting ingredients from nine different Biotics Research products. This 9-in-1 plus+ immune formula also features additional immune and antioxidant support through the inclusion of elderberry, green tea extract, astragalus, quercetin, and citrus bioflavonoids. For overall immune support, it is recommended to take one packet daily.

SKU #8141
30 Packs

BENEFITS

Gluten free

Dairy free

INDICATION

- Heart health
- Brain health
- Immune health
- Reduce inflammation
- Support Normal blood Sugar
- Support Insulin level

Note: Not be used at high doses for patients who are on prescribed oral blood thinners or sub-q heparin

SUGGESTED USE

One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare provider.

Caution: KEEP OUT OF REACH OF CHILDREN.
Store in a cool & dry area.

Supplement Facts

Serving Size: 1 Pack
Servings per Container: 30

	Amount Per Serving	% Daily Value
Vitamin A (as acetate)	750 mcg RAE (2,500 IU)	83%
Vitamin C (as ascorbic acid and calcium ascorbate)	1,000 mg	1,111%
Vitamin D (as D ₃ cholecalciferol)	100 mcg (4,000 IU)	500%
Zinc (as zinc gluconate and citrate)	25 mg	227%
Selenium (as raw vegetable culture† and selenomethionine)	70 mcg	127%
Manganese (as manganese gluconate)	2 mg	87%
Copper (as copper gluconate)	0.75 mg	83%
NAC (N-Acetyl-L-Cysteine)	1,000 mg	*
Elderberry (Sambucus nigra) (fruit) (extract)	250 mg	*
Green Tea (50% EGCG)	200 mg	*
Astragalus (Astragalus membranaceus) (root) (extract)	200 mg	*
Coenzyme Q10 (emulsified)	50 mg	*
Quercetin	50 mg	*
Citrus bioflavonoids	50 mg	*
Phytolens (Lens esculenta) (husk) (extract)††	5 mg	*

*Daily Value not established

Other ingredients: Capsule shell (gelatin and water) and magnesium stearate (vegetable source).

† Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing **Phytochemically Bound Selenium™** and other phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

†† Phytolens® is a registered trademark of Biotics Research Corporation. U.S. Patent #5,762,936

This product is gluten and dairy free.

RECOMMENDATION: One (1) pack each day as a dietary supplement or as otherwise directed by a healthcare professional.

CAUTION: Not recommended for pregnant or lactating women.

KEEP OUT OF REACH OF CHILDREN

Inositol (from rice)

Product # 1452 (200T) | Metabolic Support

Inositol provides a supplemental source of inositol from rice. Among its other actions, inositol is involved in neuronal signaling and osmotic regulation in the brain.+ Since all the major neurotransmitter systems, dopamine, norepinephrine, serotonin, and acetylcholine, use inositol as part of their messaging line, it may be beneficial in supporting neurotransmitter function.+

Recommendation: Two (2) tablets one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 2 Tablets		
Servings Per Container: 100		
	Amount Per Serving	% Daily Value
Inositol (from rice)	650 mg	*
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source) and magnesium stearate (vegetable source).

Intenzyme Forte™

Product # 1207 (50T) # 1201 (100T) # 1202 (500T)
Digestive/Inflammatory Response Support

Intenzyme Forte™ is a broad-spectrum proteolytic enzyme formulation containing pancreatin, bromelain, papain, lipase, amylase, trypsin and alpha chymotrypsin. It may be utilized to support numerous protein metabolism pathways.+ Proteolytic enzymes are capable of exerting influence over a wide variety of physiological and biochemical processes. The benefits of **Intenzyme Forte™** include its effect on muscle soreness and discomfort due to overexertion, the support of hormone processing, as well as providing support for healthy digestive, immune and circulatory functions.+

Recommendation: One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Pancreatin 4X (porcine)	100 mg	*
Bromelain (from pineapple)	50 mg	*
Papain (from papaya)	50 mg	*
Lipase (porcine)	10 mg	*
Amylase (porcine)	10 mg	*
Trypsin & Alpha Chymotrypsin (porcine)	100 mg	*
Superoxide Dismutase (from vegetable culture†)	10 mcg	*
Catalase (from vegetable culture†)	10 mcg	*

* Daily Value not established

Other ingredients: Stearic acid (vegetable source), cellulose, magnesium stearate (vegetable source) and food glaze.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of animal and plant proteolytic enzymes. Product is high in trypsin/chymotrypsin. Use with systemic inflammation, tissue damage, arthritis, food sensitivity, increased fibrinogen, poor circulation due to inflammation or atherosclerosis (use with Porphyra-Zyme), phlebitis, and free radical conditions. With acute injury, use 10 tablets immediately and then 5 tablets, 4 times a day on an empty stomach for 3 days, and then reduce to 4 tablets, 3 times a day on an empty stomach until the inflammation and swelling abates. With chronic inflammation, arthritis, etc., use 3–4 tablets, 3 times a day on an empty stomach. Intenzyme Forte will help to thin the blood; therefore, it should be used with caution with patients who are on prescribed blood thinners.

KappArest™

Product # 7855 (180C) | Inflammatory Response Support

KappArest™ is a proprietary formula supplying a broad array of antioxidants and phytonutrient components. It is designed to support a healthy inflammatory response, primarily through the modulation of NF-kappaB, a molecule inside each cell.* Included in this formula is **Phytolens®**, a Biotics Research patented extract from lentil, which has demonstrated broad antioxidant properties, and displays potent free radical scavenging ability, resulting in marked benefits on the body's natural inflammatory process.+

Recommendation: Three (3) capsules two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

Supplement Facts	
Serving Size: 3 Capsules	
Servings Per Container: 60	
	Amount Per Serving
Proprietary Blend	1,150 mg
Curcuma Longa (emulsified root extract [†] and rhizome powder)*	
Boswellia (<i>Boswellia serrata</i>) (resin oil) (extract)*	
Propolis*	
Green Tea (<i>Camellia sinensis</i>) (leaf) (extract)*	
Ginger (<i>Zingiber officinale</i>) (rhizome) (extract)*	
Rosemary (<i>Rosemarinus officinalis</i>) (aerial part) (extract)*	
Celery (<i>Apium graveolens</i>) (seed) (extract)*	
Alpha-Lipoic Acid*	
Trans-Resveratrol*	
Phytolens® (<i>Lens esculenta</i>) (extract) (husk) ††*

* Daily Value not established

Other ingredients: Capsule shell (gelatin and water), cellulose, silica and magnesium stearate (vegetable source).

[†] Emulsified Curcuma longa root extract is prepared using a non-chemical process which creates an excellent dual-phase, polar/non-polar emulsion for transport through the lipid membrane.

†† **Phytolens®** is a registered trademark of Biotics Research Corporation. U.S. Patent # 5,762,936

††† **Bioperine®** is a registered trademark of Sabinsa Corporation.

Designed by Dr. Alex Vasquez. Three capsules contain a 1,150 mg proprietary blend of curcuminoids, boswellia, propolis, green tea extract, ginger, rosemary, celery seed extract, resveratrol, alpha lipoic acid, cane juice extract (Wulzen Factor), phytolens and piper nigrum. Product inhibits production of NF-Kappa-B, a molecule inside each cell that becomes activated to stimulate the production of inflammatory chemicals that promote pain, inflammation and a variety of other problems such as heart disease, lupus, arthritis and other free radical problems. 3-4 capsules twice a day. Not recommended during pregnancy. Product should be used with Bio-D Mulsion Forte and Optimal EFAs or EFA-Sirt Supreme.

L-Lysine HCl Capsules

L-Lysine HCl provides the essential amino acid L-lysine, known for its documented immune-supportive properties and its significance in proper growth. L-lysine plays a crucial role in the production of carnitine, which assists in converting fatty acids into energy and may contribute to normalizing cholesterol levels.

Other Ingredients: Proprietary lipid blend (Non-GMO Sunflower Oil and Sustainable Palm Oil), Vegetarian capsule (Cellulose) No gluten, dairy, soy, or GMO-containing ingredients.

Liquid Iodine Forte™

Product # 1736 (2 fl oz) | Potassium Iodide

Liquid Iodine Forte™ supplies 150 mcg of iodine (as potassium iodide) per drop. Iodine is an essential trace mineral, and is vital to healthy thyroid function.⁺ Approximately 80% of the dietary intake of iodine is sequestered by the thyroid gland. However, other tissues concentrate iodine as well, including salivary glands, the gastric mucosa, choroids plexus, the lactating mammary gland and the ovaries. Decreased iodine status may result in an insufficient production of thyroxine, and thus may impact thyroid function.⁺ Vegetarians may also be at increased risk of iodine deficiency.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Drop (0.05 mL)		
	Amount Per Serving	% Daily Value
Iodine (as potassium iodide)	150 mcg	100%

Other ingredients: Purified water, citric acid and sodium benzoate.

150 micrograms of potassium iodide per drop. Use where a higher concentration of iodine is required (douche, significant thyroid hypofunction or hyperfunction, etc.). Use at one-half the dose of Liquid Iodine.

Magnesium Citrate

Pure, Well-Absorbed Magnesium*

 Hypoallergenic

Item #70240

90 vegetarian capsules

Item #76660

180 vegetarian capsules

Magnesium in the citrate form. Magnesium is a cofactor for some 300 enzymes in the body, and acts in concert with calcium.*

Suggested Use

As a dietary supplement, 1 capsule one to three times daily between meals, or as directed by a healthcare practitioner. High doses of magnesium may have a laxative effect.

Contraindicated with use of aluminum-containing drugs.

Serving Size: 1 capsule	
Servings Per Container: 90 (Item #70240), 180 (Item #76660)	
Amount per serving:	
Magnesium (as Magnesium Citrate).	170 mg
Other ingredients: Hydroxypropyl methylcellulose, magnesium stearate, silicon dioxide.	

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Magnesium Ascorbate

Buffered Form Vitamin C

Item #70090
100 vegetarian capsules

Magnesium Ascorbate is a buffered, non-acidic form of vitamin C (pH of 7.0), which is generally gentler to the stomach than ascorbic acid.*

Suggested Use

As a dietary supplement, 1 or 2 capsules one to three times daily between meals, or as directed by a healthcare practitioner.

Serving Size: 2 capsules
Servings Per Container: 50

Amount per serving:

Vitamin C (as Magnesium Ascorbate) 1000 mg
Magnesium (as Magnesium Ascorbate). 70 mg
Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Mg-Orotate 500™

Product # 1742 (90C) | Cardiovascular Support

Magnesium is available in many different forms, each with its own unique clinical application. In the case of magnesium orotate the clinical benefit is seen with systems that have a high energy (ATP) demand such as the cardiovascular system. The benefit of magnesium orotate is as much the byproduct of orotic acid as it is magnesium. Orotic acid is thought of as a “magnesium fixing agent” due to its influence over magnesium binding sites. **Mg-Orotate 500™** supplies 500 mg of fully reacted magnesium orotate, delivering 62.5 mg of elemental magnesium and 437.5 mg of orotic acid per 2 capsule serving.

Recommendation: Two (2) capsules (preferably at bedtime) each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 45

	Amount Per Serving	% Daily Value
Magnesium (as magnesium orotate)	62.6 mg	15%

Other ingredients: Capsule shell (gelatin and water), cellulose and magnesium stearate (vegetable source).

Each capsule of **Mg-Orotate 500™** contains 500 mg of fully reacted magnesium orotate.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Functional Medicine E-ventures private limited acts solely as a distributor and does not assume any responsibility for the accuracy, completeness and does not accept any liability for outcomes arising from the use, misuse, or interpretation of the information or products referenced herein.

Modified Citrus Pectin

Reduced Molecular Weight

 Hypoallergenic

Item #72060

120 vegetarian capsules

Modified citrus pectin is different from other pectin because of the way it is prepared. It is modified by a proprietary process, which reduces the molecular weight of the pectin molecule. Average molecular weight: 30kD; pH: 6.0–7.2; Methoxylation: not more than 5%.

Suggested Use

As a dietary supplement, 3 capsules one or two times daily, or as directed by a health practitioner.

CAUTION: Those on a sodium-restricted diet should consult their healthcare practitioner before use.

Serving Size: 3 capsules	
Servings Per Container: 40	
Amount per serving:	
Calories	5
Sodium	90 mg
Total Carbohydrates	1.5 g
Dietary Fiber	1 g
Sugars	0.5 g
Modified Citrus Pectin	1.5 g
Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.	

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Mg-Zyme Capsules

Mg-Zyme serves as a source of additional magnesium, provided in the form of mixed mineral chelates. Ensuring sufficient magnesium intake is vital, given its essential role in numerous ATP-dependent reactions. Magnesium is crucial for musculoskeletal health, proper cardiac and immune function, as well as the maintenance of healthy blood sugar metabolism

SKU #1707
(100 Capsules)

BENEFITS

-  Provides inflammatory support
-  Optimizes neuronal activity
-  Supports cardiac excitability
-  Maintains vascular tone
-  Helps maintain blood pressure
-  Enhances peripheral blood flow
-  Supports muscular contraction
-  Boosts energy production
-  Provides mood support
-  Optimizes blood glucose levels
-  Supports cellular growth and reproduction
-  Gluten free
-  Dairy free
-  GMO free

*Available for Retail in- clinic

INDICATION

- Macromineral support
- Neuromusculoskeletal support
- Cardiovascular stress
- Kidney and gallstones
- Fibromyalgia
- Osteomalacia

SUGGESTED USE

One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving	% Daily Value
Magnesium (as magnesium aspartate, magnesium glycinate and magnesium gluconate)	100 mg	24%

Other ingredients: Capsule shell (gelatin and water), organic vegetable culture†, magnesium stearate (vegetable source) and stearic acid (vegetable source).

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

Milk Thistle Plus Capsules

This product combines three traditional herbal extracts renowned for their liver-supporting properties: milk thistle seed, Phyllanthus amarus leaf, and dandelion root. Formerly known as Phyllanthus Complex, this formulation remains unchanged in its ingredients and efficacy, providing comprehensive support for liver health.

**SKU #70750
(120 Vegetarian
Capsules)**

BENEFITS

Supports optimal liver function

Provides hepatoprotective effects

Enhances bile production

Aids in phase II liver detoxification

Supports digestion

Promotes liver, kidney, and gall bladder health

Prevents glutathione depletion

***Available for Retail in- clinic**

INDICATION

- Liver disease
- Kidney health
- Gall bladder support
- Detoxification

SUGGESTED USE

As a dietary supplement, 1 capsule two or three times daily with meals, or as directed by a healthcare practitioner.

NAC N-Acetyl-L-Cysteine Glutathione Precursor*

Hypoallergenic

Item #71370

120 tablets

NAC, the acetyl derivative of L-cysteine, is more stable than L-cysteine, and can convert into L-cysteine after being absorbed. NAC is a natural source of sulfur for metabolism, and an antioxidant that supports glutathione synthesis.* NAC may be used instead of L-cysteine as an adjunct to Item #70130, AntiOx Original (p. 22). Free form amino acid, high purity, well-tolerated, and in tablet form to insure potency.

Suggested Use

As a dietary supplement, 1 tablet one to three times daily, or as directed by a healthcare practitioner.

Serving Size: 1 tablet	
Servings Per Container: 120	
Amount Per Serving:	
N-Acetyl-L-Cysteine	500 mg
Other ingredients: Dicalcium phosphate, microcrystalline cellulose, magnesium stearate, silicon dioxide, stearic acid, croscarmellose sodium.	

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. NAC Capsules

N-acetyl-L-cysteine, provides a stable and highly absorbable form of L-cysteine. Renowned for its superior absorption, NAC serves as a potent antioxidant, safeguarding cells from oxidative stress.

SKU #5205
(180 Capsules)

BENEFITS

-  Prevents oxidative stress
-  Provides immunological support
-  Delivers potent antioxidant activity
-  Supports the central nervous system
-  Aids in detoxification
-  Offers anti-inflammatory effects
-  Inhibits abnormal blood vessel formation (anti-angiogenic)
-  Helps prevent cellular dysfunction
-  Modulates metabolism
-  Gluten free
-  Dairy free
-  GMO free

INDICATION

- Antioxidant
- Immune support
- Heavy metal chelation
- Chemical detoxification
- Oxidative stress
- Influenza
- Mucus viscosity
- Free radical pathology
- Bronchial congestion
- Glutathione insufficiency in immune and hepatic dysfunction
- Protection against the adverse effects of chemopreventive and chemotherapeutic agents

SUGGESTED USE

One (1) capsule two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

***Available for Retail in- clinic**

ProMulti-Plus Capsules

ProMulti-Plus is a potent multivitamin/mineral supplement containing essential vitamins, minerals, and botanical constituents with notable antioxidant properties. It provides physiological levels of key micronutrients, bioavailable vitamin forms for enhanced functionality, stable phytonutrient support, and a little amount of piperine (derived from black pepper) to boost absorption and efficacy.

SKU #1170
(180 Capsules)

BENEFITS

Provides antioxidant protection

Aids in fatty acid metabolism

Supports mitochondrial function

Boosts energy

Offers nutritive support

Supports healthy adrenal function

Provides immune support

Supports musculo-skeletal health

Promotes vision health

Gluten free

Dairy free

INDICATION

- Multi vitamin support
- Multi-mineral support
- General nutritional support

SUGGESTED USE

Six (6) capsules each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 6 Capsules
Servings Per Container: 30

	Amount Per Serving	% Daily Value		Amount Per Serving	% Daily Value
Vitamin A (as natural mixed carotenoids and acetate) (IU ratio 2:1)	2,220 mcg RAE	247%	Calcium (as calcium citrate)	400 mg	31%
Vitamin C (as ascorbic acid)	500 mg	556%	Iodine (as potassium iodide)	200 mcg	133%

Proflora 4R

Broad-Spectrum Liquid Capsules

Proflora 4R combines three probiotic microorganisms with three botanicals to give you one potent solution for comprehensive restoration in your gut. In just one capsule a day, Proflora 4R helps keep the gut microbiome balanced so it can do its best work – support digestion, absorb nutrients, maintain regularity, support immune response, and more. Proflora 4R contains three of the most wellresearched, spore-forming probiotics available. All three soil-derived *Bacillus* species are included at evidence-based levels.

**SKU #PROF
(30 Capsules)**

BENEFITS

 Supports digestion and digestive comfort	 Helps manage occasional bloating, gas, and indigestion	 Promotes nutrient absorption	 Promotes regularity and normal bowel movements
 Maintains a healthy gut barrier	 May be taken with antimicrobials and/or antibiotics	 Supports microbial diversity and balance in the gi tract	 Promotes a healthy inflammatory response and immune health
 Supports cardiovascular health	 Children-friendly support for microbial diversity and gastrointestinal health	 Competitive exclusion of unfavorable microbes	 SIBO Sibo safe
 Dairy free	 Gluten free		

***Available for Retail in- clinic**

INDICATION

- Small intestinal bacterial overgrowth
- Deficient gut microbiome
- Low microbiome diversity
- Indigestion
- Bloating, heartburn and gas
- Constipation or diarrhea
- Increased intestinal permeability
- Cardiovascular disease
- Children's digestive health
- Brain fog
- Fatigue
- Sugar cravings

SUGGESTED USE

Take one capsule per day with meals or as directed by your healthcare professional.

Vitamin D3 Complete Softgels Daily Balance with A and K2

Vitamin D3 Complete Softgels is formulated to respect the crucial importance of balancing vitamin D with vitamin A.* It also contains the other oil-soluble vitamins, K2 (menaquinone-7) and DeltaGOLD® tocotrienols (part of the vitamin E family). Vitamin D3 Complete Softgels is formulated for safe, long-term daily supplementation for most individuals.*

This formula is based on the understanding that repletion and maintenance of vitamin D levels is best accomplished with modest, regular doses of vitamin D, balanced by vitamin A. Physiological amounts of vitamin D, as opposed to pharmacological doses, may better support vitamin D's interaction with the many kinds of tissues in the human body that have vitamin D receptors.*

Supplement Facts		
Serving Size	1 softgel	
Servings Per Container	60 or 120	
Amount Per Serving	% Daily Value*	
Vitamin A (as 3000 IU of Retinyl Palmitate)	900 mcg RAE	100%

Whey Protein Isolate

Product # 6420 (16 oz) # 6422 Chocolate (16 oz) # 6421 Vanilla (16 oz) | Undenatured Whey Protein

Whey Protein Isolate provides an excellent source of protein, as it is considered by many practitioners to be the premier dietary source for protein. It provides the body with the necessary building blocks that are used to build or maintain muscle tissue.*

Whey Protein Isolate from Biotics Research is produced using a micro-chilled process, thus the protein is undenatured, and retains significant amounts of important immune factors including Immunoglobulin (IgG) and Lactoferrin. Additionally, **Whey Protein Isolate** is devoid of added sugar or artificial flavorings, and each serving supplies 20 grams of naturally complete protein, making it ideal for low-carbohydrate or metabolically balanced diets. This product is available in chocolate and vanilla flavors, as well as an unsweetened/unflavored version.

Directions: Two (2) level scoops of **Whey Protein Isolate** mixed with eight (8) ounces of cool water (or the beverage of your choice). Add product to the liquid for ease of mixing.

Caution: Not recommended for those allergic to dairy.

Each serving provides the following (stated amounts are typical and representative):

Beta-Lactoglobulin	14,252 mg
Glycomacropeptide (GMP)	962 mg
Bovine Serum Albumin	206 mg
Alpha-Lactalbumin	3,362 mg
Immunoglobulin (IgG)	861 mg
Lactoferrin (LF)	42 mg

Typical Amino Acid Profile Per Serving:

Alanine	900 mg	Lysine	1,877 mg
Arginine	381 mg	Methionine	400 mg
Aspartic acid	2,176 mg	Phenylalanine	623 mg
Cystine	453 mg	Proline	1,287 mg
Glutamic acid	3,476 mg	Serine	895 mg
Glycine	326 mg	Threonine	1,412 mg
Histidine	339 mg	Tryptophan	328 mg
Isoleucine [†]	1,357 mg	Tyrosine	630 mg
Leucine [†]	2,077 mg	Valine [†]	1,203 mg

[†] Branch chain amino acids

Zn-Zyme Forte Tablets

Zn-Zyme Forte delivers 25 mg of elemental zinc per tablet, providing a crucial mineral for overall health and optimal cellular function. Functioning as a cofactor for over seventy enzymes, zinc plays a vital role in numerous cellular processes.

SKU #1725
(100 Tablets)

BENEFITS

-  Helps prevent diabetic cardiomyopathy
-  Scavenges harmful hydroxyl radicals
-  Protects against oxidative stress
-  Shields from metal toxicity
-  Regulates metal levels in the body
-  Supports nutrient/gene interactions
-  Boosts cellular performance
-  Strengthens cell membranes
-  Enhances bone strength
-  Gluten free
-  Dairy free
-  GMO free

INDICATION

- Immunity Support
- Mineral support
- Acne
- Diabetic cardiomyopathy
- Stomach healing
- Cold, fever & flu

SUGGESTED USE

One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Zinc (as zinc gluconate and zinc citrate)	25 mg	227%

Other ingredients: Vegetable culture †, stearic acid (vegetable source), cellulose and food glaze.

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

RECOMMENDATION: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.
Sealed with an imprinted safety seal for your protection.

Product # 1725 Rev. 12/18

Zn-Zyme™ (Zinc)

Product # 1713 (100T) | Zinc

Zn-Zyme™ supplies 15 mg of elemental zinc per tablet. Zinc is a mineral essential to both normal health and to optimal cellular function. As a cofactor for an excess of 70 enzymes, zinc plays an important role in many cellular processes.[†] Zinc is also a component of specific DNA binding proteins, known as zinc finger proteins. Zinc fingers are vital for nutrient/gene interactions.[†]

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Zinc (as zinc gluconate and zinc citrate)	15 mg	136%

Other ingredients: Cellulose, vegetable culture[†], stearic acid (vegetable source), magnesium stearate (vegetable source) modified cellulose gum, and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.
