200 mg of Zen

Best Seller

Calmness Support Day or Night*

 Hypoallergenic

Item #74700

60 vegetarian capsules

Item #76650

120 vegetarian capsules

200 mg of Zen offers a unique and natural path to calmness, day or night.* This formula contains a combination of L-theanine and GABA. L-theanine is found

in green tea (*Camellia sinensis*) and has been shown to support the production of alpha-wave activity in the brain.*

Suggested Use

As a dietary supplement, 1 or 2 capsules daily between meals, or as directed by a healthcare practitioner.

WARNING: If taking antidepressants or other psychotropic medications, use only under the supervision of a qualified healthcare practitioner. Although we are not aware of any interactions, because these also affect brain function there is theoretical potential for negative or positive interactions, either of which would need to be monitored.

Serving Size: 2 Capsules
Servings Per Container:
30 (Item #74700), 60 (Item #76650)

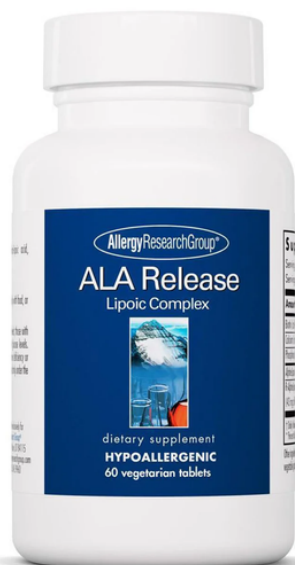

Suntheanine[®]

Amount Per Serving:

GABA (Gamma-Aminobutyric Acid)	550 mg
L-Theanine	200 mg
Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.	

Contains Suntheanine[®], pure L-theanine from Taiyo International, Inc.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. ALA Release

Lipoic Complex

Item #76330

60 tablets

An alpha-lipoic acid complex, containing alpha-lipoic acid, R-alpha-lipoic acid, biotin, and calcium.

Suggested Use

As a dietary supplement, 1 tablet one or two times daily with food, or as directed by a healthcare professional.

WARNING: Alpha-lipoic acid may lower blood glucose levels; those with diabetes or related conditions should monitor blood glucose levels. Pregnant or breast-feeding women, those with thiamine deficiency or thyroid disease, and children should use alpha-lipoic acid only under the supervision of a healthcare professional.

Serving Size: 1 tablet

Servings Per Container: 60

Amount Per Serving:

Biotin (as d-Biotin) 1 mg

Calcium (as Calcium Sulfate) 60 mg

Alpha-Lipoic Acid. 270 mg

R-alpha-Lipoic Acid (as R-alpha Lipoic Acid sodium salt) 30 mg

Other ingredients: Magnesium stearate, cellulose, magnesium trisilicate, silica, cellulose and glycerin coating, stearic acid, vegetable glaze.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Acti-Mag Plus

Powdered Magnesium Formula

Acti-Mag Plus™ is a magnesium formulation specifically designed to support the body's natural relaxation response and optimize energy levels. A serving of Acti-Mag Plus provides 400 mg of easily absorbed magnesium combined with key nutrients such as taurine, beetroot juice, B-vitamins and bamboo extract (a rich source of organic silica).

SKU #1748
(202 g)

BENEFITS

Optimizes stress response

Pleasant berry flavour

Provides digestion support

Absorbable magnesium form

Supports bone health

Enhances energy levels

Optimize blood sugar level

Supports cardiovascular health

INDICATION

- Magnesium deficiency
- Cardiovascular health
- Acid-alkaline balance
- Metabolism of carbohydrates, fats & amino acids
- Mineral support
- Neuromuscular support
- Bone mineralisation
- Reflux support
- Female hormone support
- Memory & brain support
- Hormonal support

SUGGESTED USE

One (1) scoop mixed with six (6) ounces of water, or beverage of your choice, each day as a dietary supplement or as otherwise directed by a healthcare professional.

Vitamin B6 (as pyridoxal-5-phosphate)	1.4 mg	82%
Folate (as calcium methylfolate)	200 mcg DFE	50%
Pantothenic acid (as-D-calcium pantothenate)	6 mg	120%
Magnesium (from magnesium glycerophosphate)	400 mg	95%
Organic beet juice (Beta vulgaris)(whole)	425 mg	*
Bamboo (shoot)(extract)	200 mg	*
Taurine	200 mg	*

*Daily Value not established

Other ingredients: Citric acid, natural flavors and organic Stevia rebaudiana leaf extract.

This product is gluten and dairy free.

b-VITAL

b-VITAL is a completely natural and patented formula that has been clinically shown to increase testosterone levels in men.* Testosterone is pivotal for men's health, especially concerning cardiovascular well-being.* As men age, there is a natural decline in testosterone levels. b-VITAL combines Peruvian Maca, a traditional remedy used for centuries to restore balance and boost energy, with Velvet Deer Antler sourced from live American Elk. These adaptogenic compounds have a rich and varied nutrient, chemical, and phytochemical composition, contributing to their longstanding traditional uses.

SKU #6715
60 Capsules

BENEFITS

Gluten free

Dairy free

SUGGESTED USE

One (1) capsule two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional. For adult use only.

Caution: Not recommended for pregnant or lactating women, women with a history of breast cancer or other hormone related cancers, men with elevated PSA levels, men with a history of prostate cancer, or those subject to testing for anabolic aids.

KEEP OUT OF REACH OF CHILDREN.
Store in a cool & dry area.

Supplement Facts

	Amount Per Serving	% Daily Value
Peruvian Maca (<i>Lepidium meyenii</i>) (root)	750 mg	*
Velvet Deer Antler (from living Elk)	50 mg	*

*Daily Value not established

Other ingredients: Capsule shell (gelatin and water).

b-VITAL® provides "A Treasure from the Andes", Peruvian Maca, used for centuries to restore balance and increase energy, combined with Velvet Deer Antler, harvested live (no need to destroy these awesome creatures) from American Elk. The many traditional uses of these adaptogenic compounds are due to their rich and diverse nutrient, chemical and phytochemical compositions. This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Patent # 6,093,421

This product is gluten and dairy free.

RECOMMENDATION: One (1) capsule two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional. For adult use only.

CAUTION: Not recommended for pregnant or lactating women, women with a history of breast cancer or other hormone related cancers, men with elevated PSA, men with a history of prostate cancer or those subject to testing of anabolic aids.

B12 Methylcobalamin

3000 µg with Folic Acid

Item #76560

50 vegetarian lozenges

Coenzyme vitamin B12 in the form of methylcobalamin, with folic acid. Regular B12 (cyanocobalamin) must be converted to an active form, such as methylcobalamin, to be used in the body.

Suggested Use

As a dietary supplement, adults place 1 lozenge daily under the tongue 30 seconds before swallowing, or as directed by a healthcare professional.

Serving Size: 1 lozenge
Servings Per Container: 50

Amount per serving:

Vitamin C (as Ascorbic Acid)	50 mg
Folic acid	400 µg
Vitamin B12 (as Methylcobalamin)	3000 µg

Other ingredients: Fructose, mannitol, cellulose, stearic acid, magnesium stearate, silica, natural cherry flavor, raspberry flavor, croscarmellose sodium.

B6 Phosphate

Product # 5100 (100T) | Phosphorylated B Vitamin

B6 Phosphate supplies the biologically active form of vitamin B6, pyridoxal-5-phosphate, in combination with the antioxidant compounds superoxide dismutase (SOD) and catalase. Vitamin B6 is important for proper immune function, metabolism, and cardiovascular health (necessary for healthy homocysteine levels).[†]

Recommendation: One (1) tablet one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Vitamin B6 (as pyridoxal-5-phosphate)	20 mg	1,176%
Superoxide Dismutase (from vegetable culture [†])	20 mcg	*
Catalase (from vegetable culture [†])	20 mcg	*
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source), magnesium stearate (vegetable source) and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Biologically active form of vitamin B-6 (16 mg per tablet) in a vegetable culture base. Use with carpal tunnel syndrome, joint pain, trigger finger (use with raw pecans), homocystinuria, sensitivity to bright light, burning or tingling in the extremities, inability to recall dreams, decreased liver enzymes, increased C-reactive protein, vitamin B-6 anemia (normal serum iron and/or ferritin with a decreased MCV/MCH), and sensitivity to MSG. Vitamin B-6 is a synergist to magnesium and zinc. 2–4 tablets, 3 times a day with meals. Do not exceed 25 mg per day during pregnancy/lactation.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Berberine 500

Metabolic Balance*

Berberine is an alkaloid found in barberry, goldenseal, Oregon grape, and coptis. Our berberine is obtained from Indian barberry root extract (*Berberis aristata*), and is a pure, highly concentrated form (97%). Berberine supports healthy cholesterol within normal levels, normal blood sugar levels, and a normal balance of microbes in the respiratory and gastrointestinal tracts.*

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 90

Amount Per Serving	% Daily Value
Berberine HCl 97% (from Indian Barberry) (root) (<i>Berberis aristata</i>)	500 mg †

† Daily value not established.

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, rice hull concentrate, gum arabic, sunflower oil, silicon dioxide.

Suggested Use: As a dietary supplement, 1 capsule one to three times daily, or as directed by a healthcare practitioner.

Warning: Individuals with diabetes or related conditions should monitor blood glucose levels, as berberine may lower them. Not recommended during pregnancy. Breastfeeding women, and children should use only under the supervision of a healthcare professional.

Key Features

- Pure, highly concentrated berberine HCl (97%)
- Supports normal, healthy blood sugar, and cholesterol within normal levels*
- It also supports a normal balance of microbes in the respiratory and gastrointestinal tracts*
- Berberine 500 is obtained from Non-GMO Indian barberry, and contains no common allergens

SKU #77281
90 vegetarian capsules

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. Berberine HCl

Product # 5212 (90C) | Glycolytic/Gastrointestinal Support

Berberine HCl supplies Berberine HCl isolated from *Berberis vulgaris* (barberry). Berberine has a long history of use in both Chinese and Ayurvedic medicine to support normal glucose and/or lipid metabolism.+

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for children, pregnant or lactating women.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Berberine Hydrochloride	500 mg	*
* Daily Value not established		

Other ingredients: Cellulose, capsule shell (gelatin and water), modified cellulose gum and magnesium stearate (vegetable source).

Berberine HCl is purified from *Berberis vulgaris* or *Phellodendron chinense*.

Berberine is well known for its natural antibiotic function, especially with intestinal bacterial overgrowth, for its ability to reduce fever, but most especially for its ability to help lower blood glucose and A1c with type II diabetics. Several studies have shown berberine to be as effective as Metformin for increased A1c. Berberine has also been shown to be effective in inhibiting 5 α -reductase type 2, and this is important as overactivity has been linked to the progression of prostate cancer. 1 capsule, 3 times a day.

Betaine Plus HP™

Product # 1266 (90C) | Digestive Support

Betaine Plus HP™ is a high potency hydrochloric acid (HCl) supplement, which also provides pepsin to support digestive function.+ This product is ideal in instances where additional HCl may be warranted.

Recommendation: One (1) capsule with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Betaine Hydrochloride	700 mg	*
Pepsin (1:10,000)	10 mg	*

Other ingredients: Capsule shell (gelatin and water) and medium chain triglycerides.

Source of high-potency hydrochloric acid and pepsin in a capsule form (700 mg of HCl and 10 mg of pepsin per capsule). Product was designed for patients who need an increased amount of HCl (chronic hypochlorhydria, achlorhydria). 1-2 capsules in the middle of each meal (increase to stomach tolerance).

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Functional Medicine E-ventures private limited acts solely as a distributor and does not assume any responsibility for the accuracy, completeness and does not accept any liability for outcomes arising from the use, misuse, or interpretation of the information or products referenced herein.

Bio-Ae-Mulsion Forte X 30ml

Bio-Ae-Mulsion Forte supplies a concentrated source of Vitamin A in an emulsified form, to assist with uptake and assimilation. Each drop supplies 3,750 mcg RAE (12,500 IU) of vitamin A as palmitate.

SKU #1002

BENEFITS

Dairy free

Gluten free

INDICATION

- Oxidative stress
- kidney or bladder dysfunction
- Night blindness
- Skin disorders

SUGGESTED USE

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Drop (0.04 mL)

	Amount Per Serving	% Daily Value
Vitamin A (as palmitate)	3,750 mcg RAE (12,500 IU)	417%

Other ingredients: Water, gum arabic, and d-alpha-tocopherol (as an antioxidant).

Bio-Ae-Mulsion Forte® is an oil-in-water emulsion. Vitamin A oil has been dispersed into microscopic particles to aid absorption and assimilation.

This product is gluten and dairy free.

RECOMMENDATION: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

CAUTION: Not recommended for pregnant or lactating women.

WARNING: For adult use only. Keep out of reach of children. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin A has been shown to cause serious health problems.

Store in a cool, dry area.
Sealed with an imprinted safety seal
for your protection.
Product # 1002 Rev. 08/19

Bio-Ae-Mulsion®

Product # 1004 (1 fl oz) | Emulsified Vitamin A

Bio-Ae-Mulsion® is a source of Vitamin A in an emulsified form, to assist with uptake and assimilation. Each drop supplies 600 mcg (2,000 IU) of vitamin A as palmitate.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Warning: For adult use only. Keep out of reach of children. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin A has been shown to cause serious health problems.

Supplement Facts

Serving Size: 1 Drop (0.04 mL)

	Amount Per Serving	% Daily Value
Vitamin A (as palmitate)	600 mcg RAE (2,000 IU)	67%

Other ingredients: Water, gum arabic, sesame seed oil and d-alpha-tocopherol (as an antioxidant).

600 mcg RAE of vitamin A per drop (a small amount of vitamin E is added to prevent oxidation) in an emulsified form to increase assimilation and lymphatic absorption. Use with any condition involving free radical attack, kidney or bladder dysfunction, night blindness, and skin disorders. 2 drops in a glass of pure water, 3 times a day just before meals. See cautions for vitamin A listed under Bio-AE-Mulsion Forte. It should be noted that vitamin A is one of the first nutrients to be depleted during viral infection.

Bio-D-Mulsion Forte

Bio-D-Mulsion Forte delivers a potent 2,000 IU per drop of vitamin D3 in a micro-emulsion form for enhanced absorption and utilization. Clinical studies have shown notable improvements in 25(OH)D concentrations (a 202% increase) within just six weeks of starting supplementation with Bio-D-Mulsion Forte.

SKU #1012
(30 ml)

BENEFITS

Treats hypovitaminosis D

Easy to administer for greater compliance

Safe for infants and toddlers

Supports overall health

Gluten free

Dairy free

GMO free

INDICATION

- General support
- Immune support
- Musculoskeletal support
- Vitamin support
- Hypovitaminosis D
- Free radical conditions
- Hypertension
- Insulin resistance
- Epilepsy
- Polycystic ovary syndrome (PCOS)
- Osteoarthritis
- Autoimmune diseases (grave's disease, hashimoto's thyroiditis, systemic lupus erythematosus, rheumatoid arthritis..)

SUGGESTED USE

Two (2) drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Drops (0.08 mL)
Servings Per Container: 365

	Amount Per Serving	% Daily Value
Vitamin D (as cholecalciferol)	100 mcg (4,000 IU)	500%

Other ingredients: Water, gum arabic and sesame seed oil.

Bio-D-Mulsion Forte® is an oil-in-water emulsion. Vitamin D oil has been dispersed into microscopic particles to aid absorption and assimilation.

This product is gluten and dairy free.

Bio-D-Mulsion®

Product # 1007 (1 fl oz) | Emulsified for Enhanced Utilization

Bio-D-Mulsion® supplies vitamin D3 (400 IU per drop) in an emulsified form to aid in uptake and assimilation. While the importance of vitamin D for musculoskeletal health is well documented, its importance in numerous other aspects of health are now recognized, such as cardiovascular health and immune function.⁺ Also noteworthy is the fact that inadequate levels of vitamin D are extremely common.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Drop (0.04 mL)		
	Amount Per Serving	% Daily Value
Vitamin D (as cholecalciferol)	10 mcg (400 IU)	50%

Other ingredients: Water, gum arabic and sesame seed oil.

WARNING: This product is intended to be used under the direction and supervision of a healthcare professional. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin D has been shown to cause serious health problems.

Natural vitamin D₃ (lanolin source) in an emulsified liquid form (10 micrograms per drop = 400 IU). Synergist to calcium and magnesium. Use with diastolic hypotension, parathyroid dysfunction, bone healing, osteoporosis, patients who avoid the sun or are housebound, fibroids, and endometriosis. 4–8 drops in a glass of pure water, 2–3 times a day with meals. Product is also effective in some cases of psoriasis when applied topically. Keep out of the reach of children.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. Bio-DK Caps™

Product # 1022 (60C) | Emulsified for Enhanced Utilization

Bio-DK Caps™ supplies 125 mcg (5,000 IU) of vitamin D3 and 550 mcg of vitamin K (as K1 phytonadione and K2 menaquinone-7) as a micro-emulsion for enhanced absorption and utilization. In addition to emulsified forms of vitamins D and K, **Bio-DK Caps™** contains the enzymes superoxide dismutase (SOD) and catalase. SOD aids in cell repair and provides antioxidant protection against cellular damage from free radicals and environmental toxins.+ Catalase converts hydrogen peroxide into oxygen and water, also showing strong antioxidant properties.+

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Those taking blood thinners should avoid supplementation with Vitamin K unless specifically recommended and monitored by their physician. Pregnant and nursing mothers should avoid supplemental intakes higher than the RDI (90 mcg) unless specifically recommended and monitored by their physician.

BIO-DK MULSION and BIO-DK CAPS – Five drops of Bio-DK MulSION contain 125 micrograms (5000 IU) of emulsified vitamin D3 and 300 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 4 to 1 ratio. Each Bio-DK Cap contains 125 micrograms of emulsified vitamin D3 and 550 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 10-to-1 ratio. Both products contain SOD and Catalase. Vitamin D and K work synergistically to optimize bone and heart health, and vitamin K is essential for correct calcium utilization. Vitamin K activates osteocalcin and matrix Gla-protein (MGP), proteins that assist in directing calcium to bones and teeth and away from arteries. Both products contain K-1 (green leafy vegetable source) and K-2 (MK-7), as they work synergistically to support bone strength and help prevent calcium deposition in the arteries.

For further information on vitamin K and vitamin D, please review the information listed under Bio-D MulSION, Bio-D MulSION Forte, Bio-K MulSION, and Bio-K Forte Caps. For Bio-DK MulSION, the average dose is five drops per day. For Bio-DK Caps, the average dose is one capsule per day.

Bio-DK-Mulsion™

Product # 1021 (1 fl oz) | Emulsified for Enhanced Utilization

Bio-DK-Mulsion™ supplies 125 mcg (5,000 IU) of vitamin D3 and 300 mcg of vitamin K (as K1 phytonadione and K2 menaquinone-7) in a micro-emulsion for enhanced absorption and utilization. Clinical data shows that the emulsified form increases bioavailability over 200% compared to the non-emulsified form. In addition, Bio-DK-Mulsion™ is absorbed first through the lymphatic system, the body's preferred route of administration, and then transported to the blood circulation.

Recommendation: Five (5) drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Those taking blood thinners should avoid supplementation with Vitamin K unless specifically recommended and monitored by their physician. Pregnant and nursing mothers should avoid supplemental intakes higher than the RDI (90 mcg) unless specifically recommended and monitored by their physician.

Supplement Facts		
Serving Size: 5 Drops (0.2 mL)		
Servings Per Container: 150		
	Amount Per Serving	% Daily Value
Vitamin D3 (as cholecalciferol)	125 mcg (5,000 IU)	625%
Vitamin K (as K1 phytonadione and K2 menaquinone-7, 4:1 ratio)	300 mcg	250%

Other ingredients: Emulsifier base (water and arabic gum), sesame oil and olive oil.

Five drops of Bio-DK Mulsion contain 125 micrograms (5000 IU) of emulsified vitamin D₃ and 300 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 4-to-1 ratio. Each Bio-DK Cap contains 125 micrograms of emulsified vitamin D₃ and 550 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 10-to-1 ratio. Both products contain SOD and catalase. Vitamin D and K work synergistically to optimize bone and heart health, and vitamin K is essential for correct calcium utilization. Vitamin K activates osteocalcin and matrix Gla-protein (MGP), proteins that assist with directing calcium to bones and teeth and away from arteries. Both products contain K1 (green leafy vegetable source) and K2 (MK-7), as they work synergistically to support bone strength and help prevent calcium deposition in the arteries. For further information on vitamin K and vitamin D, please review the information listed under Bio-D Mulsion, Bio-D Mulsion Forte, Bio-K Mulsion, and Bio-K Forte Caps. For Bio-DK Mulsion, the average dose is five drops per day. For Bio-DK Caps, the average dose is one capsule per day.

Other ingredients: Capsule shell (gelatin and water), food glaze and magnesium stearate (vegetable source).

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing Phytochelated Trace Elements™ and/or naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

^{††} A unique proprietary complex of neonatal bovine tissue and porcine tissue concentrates.

Bio-Glycozyme Forte™ is a broad-spectrum product designed to support normal, healthy glycemic function.⁺ It provides vitamins, minerals and organ/glandular support to specifically target glycemic health.⁺

Recommendation: One (1) to three (3) capsules each day as a dietary supplement or as otherwise directed by a healthcare professional.

A broad-spectrum product designed to support reactive hypoglycemia, adrenal fatigue, general fatigue, stress, highly refined diets, and carbohydrate sensitivity. Contains phosphorylated forms of B-1, B-2, and B-6; neonatal bovine and ovine glandular and organ components; chromium, vanadium, zinc, magnesium, and other accessory nutrients. 2–3 tablets, 3 times a day at 10:00 a.m., 3:00 p.m., and 2 hours after supper. If the patient is able to fall asleep but cannot remain asleep, add 3 tablets just before bedtime. If use of the product on an empty stomach causes distress, dose with meals with 1 Betaine Plus-HP. With some patients, we have found that although their blood sugar is high, Bio-Glycozyme Forte will often provide results for the patient where GlucoBalance did not provide results.

Biocidin

Broad-Spectrum Liquid Capsules

Our signature broad-spectrum formula in a capsule delivery system – perfect for travel! Biocidin combines 18 botanical extracts and essential oils. It targets the entire GI tract and helps maintain the delicate balance of microorganisms in the microbiome. Its far-reaching effects include support for biofilm cleansing, immunomodulation, healthy digestion and elimination, and detoxification.

SKU #ACAP
(90 Capsules)

BENEFITS

Supports gut health

Dismantles biofilms

Enhances beneficial organisms

Improve regularity and reduce bloating and gas

Immunomodulatory activity

Helps improve vitality and mental clarity

Supports healthy mobility and body comfort

Pleasant taste appeals to children and adults

Dairy free

Gluten free

INDICATION

- Small intestinal bacterial overgrowth
- Irritable bowel syndrome
- Bloating & gas
- Dysbiosis
- Biofilms
- Dental microbiome balancing
- Intestinal microbiome balancing
- Antioxidant support

SUGGESTED USE

Take one capsule per day and gradually increase to one capsule two times per day or as directed by your healthcare professional. May be taken on an empty stomach or with a small meal as desired.

Other Ingredients: vegetable capsule (plant cellulose), ethanol (sourced from sugar cane)

[‡]Organic

Contains walnut hull and leaf. This product is made without dairy, gluten, soy, corn, animal products, artificial coloring or flavoring.

Biomega-1000™

Product # 1417 (90S) | Superior Quality Omega-3s

Biomega-1000™ provides a potent dose of omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each softgel capsule delivers an impressive 1,000 mg of EPA and DHA, making it an ideal choice when higher doses are desired.

Recommendation: One (1) softgel capsule with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Each soft-gel capsule contains 1000 mg of omega-3 essential fatty acid in the triglyceride form (sourced from Anchovy). Studies have shown the triglyceride form was hydrolyzed by lipase 12 to 15 times faster than the ethyl ester or monoglyceride form. It is sourced from a strategically placed facility in the far South Pacific Ocean off the coast of Chile, minimizing transit time. Some fish oils are processed continents away from where they are harvested, dramatically increasing the time (some up to one year) from the ocean to the patient/client (longer transit time means higher risk of oxidation). Unique and gentle patented processes are used to purify the oil from contaminants, yielding a colorless level with record-setting low TOTOX levels. Each batch of Biomega 1000 oil has a certified origin; it can be traced back to who caught the Anchovies and when they were caught. The triglyceride form of omega-3 oil has been found to be helpful with neurological, emotional, cardiovascular, immune system and cell membrane health. It is also excellent support for inflammatory and glucose management problems. 1-3 bid.

Biomega-3 Liquid™

Product # 1401 (7 fl oz) | High Potency Omega-3 Liquid

Biomega-3 Liquid™ provides omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each teaspoon supplies 2,490 mg of EPA and DHA, as well as 405 mg of other omega-3 fatty acids. Natural lemon flavoring makes this product easy to enjoy.

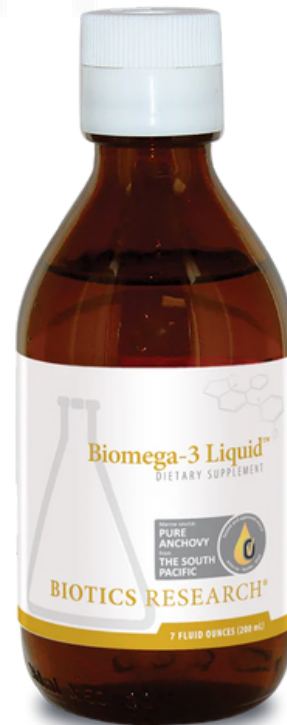

Recommendation: One (1) teaspoon each day as a dietary supplement or as otherwise directed by a healthcare professional.

Biomega-500™

Product # 1424 (90S) | Superior Quality Omega-3s

Biomega-500™ provides omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each softgel capsule supplies 500 mg of EPA and DHA, as well as 70 mg of additional omega-3 EFAs.

Recommendation: One (1) softgel capsule with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Ingredients: Capsule shell (gelatin, glycerin and water), vitamin E (as mixed tocopherols).

Contains ingredients derived from anchovy.

Each softgel capsule of Biomega-500™ contains a total of 500 mg EPA and DHA, providing a natural source of the following Omega-3 fatty acids:	
EPA (Eicosapentaenoic acid)	285 mg
DHA (Docosahexaenoic acid)	215 mg

Product is the same as BioMega 1000 except each softgel contains 500 mg of EPA/DHA. BioMega 1000 – Each softgel capsule contains 1000 mg of omega-3 essential fatty acid in the triglyceride form (sourced from anchovy). Studies have shown the triglyceride form is hydrolyzed by lipase 12 to 15 times faster than the ethyl ester or monoglyceride form. Biomega-DHA

Biomega-DHA offers a capsule containing 600 mg of DHA and 60 mg of EPA, sourced from a facility situated in the far South Pacific Ocean near Chile. This location ensures the freshest raw materials, complete traceability of the product, and exceptional purity. The DHA in Biomega-DHA is in its natural triglyceride form and is certified by Orivo, guaranteeing that its source can be traced back to a sustainable fishery.

Ca D-Glucarate Capsules

Calcium D-Glucarate is a specialized form of calcium designed to support the liver's glucuronidation pathway by inhibiting the enzyme glucuronidase. Calcium D-Glucarate can enhance the body's capacity to eliminate lipid-soluble toxins and steroids, including estrogen.

SKU #1740
(120 Capsules)

BENEFITS

Hormonal balance

Detoxification support

GMO free

Dairy free

Gluten free

INDICATION

- Detoxification support of the body's major detoxification pathway, i.e., glucuronidation and hormonal modulation
- Detoxifies carcinogens and steroid hormones by B-glucuronidase, enzyme inhibition and estrogen reabsorption

SUGGESTED USE

One (1) capsule two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving	% Daily Value
Calcium (as Calcium D-Glucarate)	61 mg	5%

Other ingredients: Capsule shell (gelatin and water), gum arabic and magnesium stearate (vegetable source).

† Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

CoQ-Zyme 30™

Product # 2616 (60T) | Emulsified Mitochondrial Support

CoQ-Zyme 30™ supplies a naturally derived, emulsified form of coenzyme Q10 (CoQ10) (ubiquinone). Since CoQ10 is an oil-soluble, vitamin-like substance, the emulsification assists in uptake and utilization. Published research has demonstrated that CoQ10 supplied by **CoQ-Zyme 30™** is significantly more bioavailable than other more common sources of CoQ10. This is especially important for those who may need to address occasional absorption and/or digestion concerns, as CoQ10 plays a key role in energy production.[†] Heart and skeletal muscles are particularly dependent on CoQ10, as are cells and tissues that are involved in immune function.[†]

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Coenzyme Q10 (naturally derived, emulsified)	30 mg	*
Superoxide Dismutase (from vegetable culture [†])	30 mcg	*
Catalase (from vegetable culture [†])	30 mcg	*

* Daily Value not established

Other ingredients: Cellulose, stearic acid (vegetable source), gum arabic, magnesium stearate (vegetable source), modified cellulose gum, silica and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally occurring phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

CoQH-CF® Ubiquinol Softgels

CoQH-CF® is a reduced form of coenzyme Q10 (ubiquinol). This is the actual antioxidant form of coenzyme Q10, and it also supports cellular energy production. A unique softgel delivery system protects and stabilizes the content.

SKU #76070
(60 softgels)

BENEFITS

Bioavailable ubiquinol

Boosts energy levels

Provides powerful antioxidant support

Fights oxidative stress

Supports the immune system

INDICATION

- Mitochondrial support
- Antioxidant
- Immune support
- Cardiovascular health

SUGGESTED USE

As a dietary supplement, 1 softgel one to three times daily with meals, or as directed by a healthcare practitioner.

Cr-Zyme™ (chromium)

Product # 1701 (100T) | Whole Food Chromium Source

Cr-Zyme™ supplies chromium as a non-yeast, true food-form source of chromium. Chromium is an essential trace element, important in healthy carbohydrate metabolism.[†] It also plays a role in how insulin helps the body with proper blood sugar metabolism.[†] Each tablet of **Cr-Zyme™** provides 200 mcg chromium.

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Chromium (from vegetable culture [†])	200 mcg	571%

Other ingredients: Cellulose, stearic acid (vegetable source), food glaze and magnesium stearate (vegetable source).

[†] Specially grown, biologically active vegetable culture containing **Phytochemically-Bound Chromium™** and naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of non-yeast chromium from vegetable culture. Contains 200 micrograms of the Glucose Tolerance Factor per tablet. Use with morning sickness, decreased and increased blood glucose levels, elevated cholesterol with low HDL, pancreatic dysfunction, and as a cofactor to zinc and vanadium. 1–2 tablets, 3 times a day with meals.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Cytozyme-Orchic™

Product # 3031 (100T) | Raw Orchic Tissue

✔ Potential Roles in Fertility & Hormonal Health:

1. Supports Testicular Function

- Glandulars follow the principle of "**like supports like**": testicular tissue may provide targeted nutrition to **support the health of human testicles**.
- May aid in **Leydig cell** function, which is responsible for **testosterone production**.

2. Promotes Healthy Testosterone Levels

- Though not a direct hormone source, orchic extract is used as part of **nutritional protocols** to support:
 - Low testosterone
 - Fatigue
 - Reduced libido
- Often paired with **zinc, L-arginine, tribulus, and adrenal support**.

3. Enhances Sperm Production and Quality

- May improve **spermatogenesis** indirectly by supporting testicular structure and antioxidant status.
- Potential use in men with **subfertility, low motility, or sperm count** (when part of a broader fertility protocol).

4. Stress & Adrenal Axis Support (HPG Axis)

- Chronic stress impairs testosterone and sperm production via the **hypothalamic-pituitary-gonadal (HPG) axis**.
- Orchic concentrate, when combined with **adrenal and pituitary glandulars**, may help rebalance hormonal feedback loops.

⚠ Usage & Safety Notes:

- Typically dosed in **capsules containing 200–500 mg/day**, depending on the product
- Sourced from **New Zealand or Argentinian bovine** with strict BSE-free (mad cow disease) certification
- Safe for short-term or cyclic use under practitioner guidance
- **Not suitable for women or children**
- Avoid in hormone-sensitive cancers or individuals with autoimmune thyroid disease (due to possible antigenic stimulation)

Cytozyme-F™

Product # 3012 (60T) | Female Support Formula

Cytozyme-F™ supplies a broad-spectrum glandular support (bovine glandular concentrates) for healthy female endocrine function. It contains neonatal adrenal, thymus and spleen concentrates, along with ovarian concentrate.

Recommendation: One (1) tablet one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving
Ovarian Concentrate (bovine)	40 mg*
Adrenal Complex Concentrate†	20 mg*
Neonatal Thymus Concentrate (bovine)	20 mg*
Neonatal Spleen Concentrate (bovine)	20 mg*
Superoxide Dismutase (from vegetable culture ^{††})	20 mcg*
Catalase (from vegetable culture ^{††})	20 mcg*

* Daily Value not established

Other ingredients: Cellulose, stearic acid (vegetable source), food glaze and magnesium stearate (vegetable source).

† A unique proprietary complex of neonatal bovine tissue and porcine tissue concentrates.

†† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of raw bovine ovarian tissue combined with other glandular components known to support female endocrine function. Use as broad-spectrum support for female glandular function. 1–2 tablets, 3 times a day with meals.

Cytozyme-F™

Product # 3012 (60T) | Female Support Formula

✔ Key Ingredients & Their Role in Fertility:

1. Ovarian Concentrate (Bovine) – 40 mg

- Supports female reproductive hormone balance by nourishing ovarian tissue
- May assist with irregular cycles, low estrogen, or perimenopausal hormone dips
- Traditionally used in protocols for hypothalamic amenorrhea and poor ovarian reserve

2. Adrenal Complex Concentrate – 20 mg

- Supports the HPA axis, which is essential in regulating cortisol and DHEA
- Chronic stress and adrenal dysfunction are key disruptors of ovulation and progesterone production
- Helps improve resilience, ovulatory regularity, and energy levels in both men and women

3. Neonatal Thymus Concentrate (Bovine) – 20 mg

- Provides immune-modulating peptides that support implantation tolerance and autoimmune fertility issues
- Especially helpful in conditions like recurrent pregnancy loss, Hashimoto's, or unexplained infertility

4. Neonatal Spleen Concentrate (Bovine) – 20 mg

- Supports the innate immune system, indirectly helping with immune-related fertility blocks
- May assist in systemic regulation for individuals with chronic infections or inflammation

5. Superoxide Dismutase (SOD) – 20 mcg

6. Catalase – 20 mcg

- Both are potent antioxidant enzymes that neutralize free radicals
- Help protect reproductive cells (eggs and sperm) from oxidative damage
- Important in egg/sperm quality, especially in women over 35 or men with high DNA fragmentation

⚠ Caution:

- Use under practitioner supervision, especially in:
 - Pregnancy or lactation
 - Hormone-sensitive conditions (e.g., endometriosis, fibroids)
- Sourced bovine glandulars should be BSE-free certified (from New Zealand or Argentina)

DHEA-10 mg

Product # 7830 (180T) | Dehydroepiandrosterone

Dehydroepiandrosterone (DHEA) is a natural steroid hormone produced from cholesterol by the adrenal glands. It is chemically similar to testosterone and estrogen, and is easily converted into those hormones. DHEA production peaks in early adulthood, and declines with age. Thus, many health concerns which correlate with age may also correlate with suboptimal levels of DHEA.[†] This product supplies 10 mg DHEA per tablet.

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: For adult use only. Not recommended for pregnant or lactating women.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
DHEA (Dehydroepiandrosterone)	10 mg	*
* Daily Value not established		

Other ingredients: Cellulose, calcium carbonate, vegetable culture[†] and magnesium stearate (vegetable source).

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Available in 5 and 10 milligram tablets. Use where DHEA insufficiency can be demonstrated (saliva, serum, or urine testing) with a decreased cortisol level. Supplemental DHEA should be used with caution when a decreased DHEA and an increased cortisol are present. In most cases, 2–25 milligrams per day is sufficient. For adult use only and not recommended during pregnancy.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. DHEA Micronized Lipid Matrix*

 Hypoallergenic

Item #74780, 10 mg
Item #74790, 15 mg
Item #72820, 25 mg
Item #72660, 50 mg
60 scored tablets

Micronized and sustained-release DHEA. It is formulated in a lipid matrix to bypass the liver, and micronized to a particle size of less than 50 microns for optimal absorption. Soy free—the source material (wild yam) is non-irradiated and non-ethylene-oxide-treated.

Suggested Use

As a dietary supplement, for women ½ to 1 tablet per day; for men 1 tablet one or two times per day; or as directed by a healthcare professional.

CAUTION: This product is a hormone, influencing the production of other hormones. Regular hormone testing is recommended. Cancer patients should consult their healthcare practitioner before use.

Serving Size: 1 scored tablet

Servings Per Container: 60

Amount Per Serving:

DHEA (Item #74780)	10 mg
DHEA (Item #74790)	15 mg
DHEA (Item #72820)	25 mg
DHEA (Item #72660)	50 mg
Other ingredients: Microcrystalline cellulose, Micosolle®, vegetable oil, vegetable wax, Cab-o-sil®, magnesium stearate, vitamin E.	

WARNING: NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS.
DO NOT USE IF PREGNANT OR NURSING. Consult a physician or licensed qualified health care professional before using this product if you have, or have a family history of, prostate cancer, prostate enlargement, heart disease, low “good” cholesterol (HDL), or if you are using any other dietary supplement, prescription drug, or over-the-counter drug. Do not exceed recommended serving. Exceeding recommended serving may cause serious adverse health effects. Possible side effects include acne, hair loss, hair growth on the face (in women), aggressiveness, irritability, and increased levels of estrogen. Discontinue use and call a physician or licensed qualified health care professional immediately if you experience rapid heartbeat, dizziness, blurred vision, or other similar symptoms. **KEEP OUT OF REACH OF CHILDREN.** Do not use DHEA if you are at risk for or have been diagnosed as having any type of hormonal cancer, such as prostate or breast cancer. To report any adverse events call 1-800-332-1088.

DIM Vitex

PMS Formula

Item #74720

60 vegetarian capsules

Contains BioResponse DIM[®], a stable, bioavailable form of diindolylmethane (DIM), combined with vitex and green tea extract.

Suggested Use

As a dietary supplement, 1 capsule two times daily with a meal, or as directed by a healthcare practitioner.

CAUTION: Do not use this product if you are pregnant or lactating, or using birth control pills. Persons taking prescription medications should consult a healthcare professional before use. Harmless changes in urine color may occur. Increased water consumption reverses this side effect. Keep out of reach of children.

Serving Size: 1 capsule

Servings Per Container: 60

Amount Per Serving:

BioResponse DIM [®] (A patented diindolylmethane complex: starch, DIM (25% min.), Vitamin E succinate, phosphatidylcholine (sunflower), silica)	75 mg
Green Tea (Leaf) Extract decaffeinated (standardized to 60% Catechins).	600 mg
Vitex <i>agnus-castus</i> (Berries) Extract	20 mg
Other ingredients: Hydroxypropyl methylcellulose, L-leucine.

Fe-Zyme™

Product # 1703 (100T) | Iron Formula

Fe-Zyme™ is a source of supplemental iron in a highly bioavailable form, combined with synergists known to assist with uptake and utilization such as vitamin B12, copper, ascorbic acid and vegetable culture. **Fe-Zyme™** contains the ferrous bisglycinate form of iron. Ferrous bisglycinate is a nutritionally functional mineral amino acid chelate that not only has superior bioavailability, but is also easy on the gastrointestinal tract.

Recommendation: One (1) tablet each day, with meal, as a dietary supplement or as otherwise directed by a healthcare professional.

Warning: Accidental overdose of iron-containing products is a leading cause of poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Vitamin B12 (as methylcobalamin)	5 mcg	208%
Iron (as ferrous bisglycinate chelate) (Ferrochel®)	25 mg	139%
Zinc (as zinc gluconate and zinc citrate)	8 mg	73%
Copper (as copper gluconate and copper citrate)	2 mg	222%
* Daily Value not established		

Other ingredients: Ascorbic acid (to augment iron transport), vegetable culture†, cellulose, modified cellulose gum, magnesium stearate (vegetable source) and food glaze.

Ferrochel® is a registered trademark of Albion Laboratories, Inc.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of iron, copper, zinc, and vitamin B-12 in a base of ascorbic acid to facilitate uptake of the iron. Use with anemia, pregnancy, cold hands and feet due to anemia, blue tint to the whites of the eyes, and as long-term copper, zinc, or iron support (balanced formula). 1 tablet, 2 or 3 times a day with meals. Product contains iron and should be kept out of the reach of children.

G.I. Detox + Zeolite, Charcoal & Herbal Formula

The binding and detoxification agents in G.I. Detox have long been used in traditional medicine and are supported by modern research, G.I. Detox is formulated to provide broader activity than a single-ingredient product. Zeolite clay, activated charcoal, and silica, plus apple pectin, humic powder, and aloe vera each have a unique capacity to bind a variety of toxins.

SKU #GID
(60 Capsules)

BENEFITS

Assists in "mop up" of microbial and biofilm components

Supports mental clarity

May reduce bloating and gas

Helps in the neutralization of histamine

Cleansing experience

Supports clearance of mold metabolites

Supports healthy detoxification and full-body cleansing

Dairy free

Gluten free

INDICATION

- Herxheimer support
- Detoxification
- Mycotoxin clearance
- Histamine clearance
- Bloating and gas
- Brain fog

SUGGESTED USE

1 capsule on an empty stomach with a full glass of water or as directed by a healthcare professional. Take 1 hour apart from other medications and supplements.

Supplement Facts

Serving Size: 1 capsule

GAMMANOL FORTE WITH FRAC SKU: #6710

✓ Top Health Benefits:

🧬 1. Hormonal Balance & Fertility Support

- Modulates hypothalamic-pituitary signaling, supporting healthy FSH and LH output
- Traditionally used in Japan to treat menstrual irregularities, anovulation, and hypothalamic amenorrhea
- Supports egg quality and hormonal rhythm in women, especially in stress-related infertility
- In men, may improve sperm parameters by reducing oxidative stress in testicular tissues

🧠 2. Stress, Anxiety & Neuroendocrine Function

- Acts on the autonomic nervous system, reducing symptoms of anxiety, fatigue, irritability, and mood swings
- Used in Japan for neurovegetative symptoms of perimenopause and menopause, including hot flashes
- May improve sleep quality and stress tolerance via cortisol modulation

🌟 3. Powerful Antioxidant & Anti-Inflammatory

- Free trans-ferulic acid neutralizes free radicals and reduces lipid peroxidation
- Protects against cellular damage in liver, skin, blood vessels, and reproductive organs
- Helps lower inflammatory markers in chronic metabolic and autoimmune conditions

❤️ 4. Cardiovascular & Metabolic Support

- Improves lipid metabolism by reducing total and LDL cholesterol
- Supports liver health and may help reduce fatty liver infiltration
- Contributes to blood pressure regulation and endothelial protection

🧴 5. Skin Health & UV Protection

- Ferulic acid is used in dermatology for its photo-protective, collagen-preserving, and anti-pigmentation properties
- Often combined with vitamins C and E in skin serums for enhanced antioxidant effect

⚠️ Usage & Safety Notes:

- Gamma-Oryzanol dosage: typically 50–100 mg 2–3x/day
- Often used in combination with vitamin E or CoQ10
- Safe for long-term use with a high safety margin
- Caution in pregnancy or hormone-sensitive cancers — use under medical supervision

GlucoBalance

GlucoBalance was developed by doctors Johnathan Wright and Alan Gaby with a focus on assisting individuals in maintaining healthy blood sugar levels.* Tailored to meet specific dietary requirements, it offers increased levels of essential micronutrients that can be particularly beneficial. Additionally, GlucoBalance helps in supporting normal, healthy blood lipid levels.*

Glucose Tolerance II™

with Glucevia™ Complex

 Hypoallergenic

Item #76890

120 vegetarian capsules

Glucose Tolerance II™ provides Glucevia™, a patented European ash extract which safely supports blood sugar within normal levels.* With berberine, chromium, milk thistle, resveratrol, and biotin.

Suggested Use

As a dietary supplement, 2 capsules two times daily with food, or as directed by a healthcare professional.

WARNING: Individuals with diabetes or related conditions should monitor blood glucose levels, as these ingredients may lower them. Not recommended during pregnancy. Breastfeeding women, and children, should use only under the supervision of a healthcare professional. Discontinue use for 15 days before any lab test that uses (strept)avidin-biotin technology. Candidates include thyroid, cardiac, fertility, hormonal, bone metabolism, and other tests. Raised blood levels of biotin may interfere with results.

Serving Size: 2 capsules

Servings Per Container: 60

Amount Per Serving:

Biotin	8 mg
Chromium (as Polynicotinate)	500 µg
European Ash (Seed, Fruit) Extract (Glucevia™)	500 mg
Berberine HCl	500 mg
Milk Thistle (Seed) Extract (standardized to 70-80% Silymarin)	300 mg
Resveratrol (as 99% pure trans-Resveratrol)	250 mg
Other ingredients: Hydroxypropyl methylcellulose, magnesium stearate.	

Glucevia™ is a trademark of Naturex.

† Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing **Phytochemically Bound Selenium™** and other phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

†† Phytolens® is a registered trademark of Biotics Research Corporation. U.S. Patent #5,762,936

This product is gluten and dairy free.

RECOMMENDATION: One (1) pack each day as a dietary supplement or as otherwise directed by a healthcare professional.

CAUTION: Not recommended for pregnant or lactating women.

KEEP OUT OF REACH OF CHILDREN

Iodizyme-HP™

Product # 1737 (120T) | High Potency Iodine

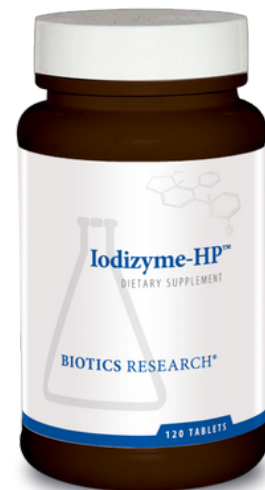

Iodizyme-HP™ is a high potency iodine supplement, supplying both iodine and iodide. As a result of decreased iodine status due to the typical Western diet, optimal thyroxine is not always produced, thus potentially affecting normal thyroid function.+ The use of oral iodine/iodide can aid in circumventing this issue. Although approximately 80% of the dietary intake of iodine is sequestered by the thyroid gland, other tissues concentrate iodine as well. These tissues include the salivary glands, the gastric mucosa, the choroid plexus, the mammary glands and the ovaries. Published information suggests iodine/iodide helps to maintain healthy hydroxyl estrogen ratios as well. **NOTE: This product is available only to practitioners who are authorized to order blood work.**

Recommendation: One half (½) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Warning: High dose iodine products should only be used under the direct supervision of a healthcare professional that is licensed to diagnose and treat. Not recommended for pregnant or lactating women.

Supplement Facts		
Serving Size: ½ Tablet		
Servings Per Container: 240		
	Amount Per Serving	% Daily Value
Total Iodine/Iodide	6.25 mg	4,167%
Iodine	2.5 mg	
Iodide (as potassium salt)	3.75 mg	
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source), magnesium stearate (vegetable source), silica and food glaze.

Consider 1–2 teaspoons, 3 times a day for chronic problems and up to 6 teaspoons, 3 times a day in the acute phase. For children, consider 1/2 teaspoon, 1–3 times a day. With reduced secretory IgA, use with Cytozyme-THY, Immuno-GG, and BioDoph-7 Plus.

Liposomal Glutathione Capsules

Levels of glutathione decrease as we age, glutathione is the body's most powerful antioxidant protecting us from environmental toxins and pollutants. While most glutathione supplements break down in the stomach and can't be absorbed in the body, with our proprietary liposomal encapsulation technology, you get maximum glutathione absorption allowing this key nutrient to work for you on a cellular level.

SKU #LG60
(60 Capsules)

BENEFITS

Antioxidant activity

May prevent cancer progression

May reduce cell damage in liver disease

May improve insulin sensitivity

Anti-ageing

Supports gastrointestinal health

Immune system support

Non-GMO

Dairy free

Gluten free

INDICATION

- Detoxification
- Anti-ageing
- Antioxidant support
- Mitochondria support
- Skin health
- Fatigue
- Cellular function enhancement

SUGGESTED USE

1 capsule a day with or without food.
Or as directed by your HCP.

LIPOSOMAL GLUTATHIONE SUPPLEMENT FACTS

Serving Size: 1 capsule
Servings Per Container: 60

AMOUNT PER SERVING	% DAILY VALUE*
Reduced L-Glutathione	250 mg †

* The % Daily Values are based on a 2000 calorie diet.
† Daily Value Not Established

Other Ingredients: Proprietary blend (Non-GMO Sunflower Oil and Sustainable Palm Oil), Vegetarian capsule (Cellulose)

No gluten, dairy, soy, or GMO-containing ingredients.

Liquid Iodine Forte™

Product # 1736 (2 fl oz) | Potassium Iodide

Liquid Iodine Forte™ supplies 150 mcg of iodine (as potassium iodide) per drop. Iodine is an essential trace mineral, and is vital to healthy thyroid function.⁺ Approximately 80% of the dietary intake of iodine is sequestered by the thyroid gland. However, other tissues concentrate iodine as well, including salivary glands, the gastric mucosa, choroids plexus, the lactating mammary gland and the ovaries. Decreased iodine status may result in an insufficient production of thyroxine, and thus may impact thyroid function.⁺ Vegetarians may also be at increased risk of iodine deficiency.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Drop (0.05 mL)		
	Amount Per Serving	% Daily Value
Iodine (as potassium iodide)	150 mcg	100%

Other ingredients: Purified water, citric acid and sodium benzoate.

150 micrograms of potassium iodide per drop. Use where a higher concentration of iodine is required (douche, significant thyroid hypofunction or hyperfunction, etc.). Use at one-half the dose of Liquid Iodine.

Mg-Orotate 500™

Product # 1742 (90C) | Cardiovascular Support

Magnesium is available in many different forms, each with its own unique clinical application. In the case of magnesium orotate the clinical benefit is seen with systems that have a high energy (ATP) demand such as the cardiovascular system. The benefit of magnesium orotate is as much the byproduct of orotic acid as it is magnesium. Orotic acid is thought of as a “magnesium fixing agent” due to its influence over magnesium binding sites. **Mg-Orotate 500™** supplies 500 mg of fully reacted magnesium orotate, delivering 62.5 mg of elemental magnesium and 437.5 mg of orotic acid per 2 capsule serving.

Recommendation: Two (2) capsules (preferably at bedtime) each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 45

	Amount Per Serving	% Daily Value
Magnesium (as magnesium orotate)	62.6 mg	15%

Other ingredients: Capsule shell (gelatin and water), cellulose and magnesium stearate (vegetable source).

Each capsule of **Mg-Orotate 500™** contains 500 mg of fully reacted magnesium orotate.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Mg-Zyme Capsules

Mg-Zyme serves as a source of additional magnesium, provided in the form of mixed mineral chelates. Ensuring sufficient magnesium intake is vital, given its essential role in numerous ATP-dependent reactions. Magnesium is crucial for musculoskeletal health, proper cardiac and immune function, as well as the maintenance of healthy blood sugar metabolism

SKU #1707
(100 Capsules)

BENEFITS

-  Provides inflammatory support
-  Optimizes neuronal activity
-  Supports cardiac excitability
-  Maintains vascular tone
-  Helps maintain blood pressure
-  Enhances peripheral blood flow
-  Supports muscular contraction
-  Boosts energy production
-  Provides mood support
-  Optimizes blood glucose levels
-  Supports cellular growth and reproduction
-  Gluten free
-  Dairy free
-  GMO free

*Available for Retail in- clinic

INDICATION

- Macromineral support
- Neuromusculoskeletal support
- Cardiovascular stress
- Kidney and gallstones
- Fibromyalgia
- Osteomalacia

SUGGESTED USE

One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving	% Daily Value
Magnesium (as magnesium aspartate, magnesium glycinate and magnesium gluconate)	100 mg	24%

Other ingredients: Capsule shell (gelatin and water), organic vegetable culture†, magnesium stearate (vegetable source) and stearic acid (vegetable source).

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

Mn-Zyme™ (10 mg)

Product # 1714 (100T) | Manganese

Mn-Zyme™ supplies a source of supplemental manganese, an essential trace mineral. Manganese is a cofactor for the synthesis of glycosaminoglycans (chondroitin sulfate), and as such is an important component in musculoskeletal health.+ Additionally, it is involved in the synthesis of fatty acids and cholesterol, and is necessary for protein and carbohydrate metabolism.+

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Manganese (as manganese gluconate and citrate)	10 mg	435%

Other ingredients: Vegetable culture†, cellulose, stearic acid (vegetable source), food glaze and modified cellulose gum.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

MN-ZYME – Each tablet contains 10 mg of organically combined manganese. Use with ligament injury, disc injury, cyclic fever, virus, goiter, general immune support, carbohydrate sensitivity, sympathetic dominance, and as a synergist to B vitamins. 1 tablet, 2–3 times a day with meals.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. Functional Medicine E-ventures private limited acts solely as a distributor and does not assume any responsibility for the accuracy, completeness and does not accept any liability for outcomes arising from the use, misuse, or interpretation of the information or products referenced herein.

Multi-Mins™

Product # 1171 (120T) # 1172 (360T) | Multi-Mineral

Multi-Mins™ provides a balanced source of mineral chelates and whole food, phytochemically-bound trace minerals, combined with the antioxidant enzymes SOD and catalase. It also contains a small amount of betaine HCl to facilitate absorption. It may be used whenever a multi-mineral is indicated.

Recommendation: Four (4) tablets each day as a food supplement. Do not exceed the recommended daily dose. Not to be used as a substitute for a varied diet.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or hospital immediately.

Supplement Facts

Serving Size: 4 Tablets
Servings Per Container: 30

	Amount Per Serving	% Daily Value
Calcium (as calcium citrate)	200 mg	15%

NAC Capsules

N-acetyl-L-cysteine, provides a stable and highly absorbable form of L-cysteine. Renowned for its superior absorption, NAC serves as a potent antioxidant, safeguarding cells from oxidative stress.

SKU #5205
(180 Capsules)

BENEFITS

Prevents oxidative stress

Provides immunological support

Delivers potent antioxidant activity

Supports the central nervous system

Aids in detoxification

Offers anti-inflammatory effects

Inhibits abnormal blood vessel formation (anti-angiogenic)

Helps prevent cellular dysfunction

Modulates metabolism

Gluten free

Dairy free

GMO free

INDICATION

- Antioxidant
- Immune support
- Heavy metal chelation
- Chemical detoxification
- Oxidative stress
- Influenza
- Mucus viscosity
- Free radical pathology
- Bronchial congestion
- Glutathione insufficiency in immune and hepatic dysfunction
- Protection against the adverse effects of chemopreventive and chemotherapeutic agents

SUGGESTED USE

One (1) capsule two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

***Available for Retail in- clinic**

Se-Zyme Forte™

Product # 1727 (100T) | Whole Food Selenium Source

Se-Zyme Forte™ supplies selenium as a whole food, phytochemically-bound vegetable culture. Selenium is an essential trace element possessing antioxidant properties, and is key to the production of glutathione peroxidases. Consider whenever supplemental selenium is indicated.

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Selenium (from vegetable culture†)	100 mcg	182%

Other ingredients: Cellulose, food glaze and stearic acid (vegetable source).

† Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing **Phytochemically-Bound Selenium™** and other phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors

Each tablet contains 100 micrograms of naturally occurring selenium from culture. Use with free radical conditions, to increase the production of glutathione peroxidase, as a synergist to vitamin E, reduced T-3, cardiac stress, and lymphedema. SE-Zyme should also be considered when the use of MCS, MCS-2, or Livotrit-Plus causes an increase in the liver enzymes (transaminases). 1–2 tablets, 3 times a day with meals.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Selenomethionine

Product # 1275 (90C) | High Potency Selenium

Selenomethionine, an organic form of selenium, is a readily absorbable form of this essential trace mineral. Selenium functions as an integral part of glutathione peroxidase, an important antioxidant enzyme, and is required for normal thyroid function.

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Selenium (as selenomethionine)	200 mcg	364%

Other ingredients: Cellulose, capsule shell (gelatin and water), magnesium stearate (vegetable source) and stearic acid (vegetable source).

Each capsule contains 200 micrograms of selenomethionine, an organic form of selenium. Consider for most viral problems to include HIV, EBV, CMV, etc., cataracts, coronary artery disease, certain types of free-radical problems, patients on TPN, Crohn's disease, digestive inflammation, heart disease, and increased liver enzymes. 1–2 capsules per day. It should be noted that selenium toxicity is possible when ingesting over 1000 micrograms per day.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Super D3

Cholecalciferol with C and E

Item #74840

60 vegetarian capsules

Natural-source vitamin D3 produced from the lanolin of sheep wool. Vitamin D3 supports the regulation of calcium metabolism and absorption from the gut.*

Suggested Use

As a dietary supplement, 1 capsule daily, or as directed by a healthcare practitioner. Do not exceed recommended dose or use long-term without proper blood monitoring.

Serving Size: 1 capsule

Servings Per Container: 90

Amount per serving:

Vitamin C (as Ascorbyl Palmitate) 2 mg

Vitamin D3 (as Cholecalciferol) 2000 IU

Vitamin E (as Mixed Tocopherols) 20 IU

Tocotrienols 3 mg

Other ingredients: Hydroxypropyl methylcellulose, rice flour, silicon dioxide.

Super Vitamin B Complex

Best Seller

Non Yeast or Corn Derived

 Hypoallergenic

Item #70340

120 vegetarian capsules

Super Vitamin B Complex is an advanced and complete B-vitamin supplement. It provides substantial amounts of all 11 B-vitamins, including the co-enzyme forms of vitamins B2 and B6 for enhanced bioavailability, and extra pantothenic acid.*

Instead of using vitamins derived from allergen-containing plant sources such as yeast or corn, the B vitamins in this formula are synthesized from hydrocarbons, which originate from living sources with very low allergy potential.*

Suggested Use

As a dietary supplement, 1 or 2 capsules two times daily with meals, or as directed by a healthcare practitioner.

Serving Size: 2 capsules	
Servings Per Container: 60	
Amount per serving:	
Thiamin (as Thiamin Hydrochloride)	50 mg

Thyroid

Natural Glandular

Our glandulars are lyophilized, or freeze-dried, which means the material is immediately frozen, then subjected to a high vacuum that vaporizes moisture directly from the solid state. This sophisticated and sensitive technique respects the delicate nature of the material, and except for the water content, leaves in everything that naturally occurs in glandular tissue, including any fat content.

Each lot of our glandular materials is subject to stringent microbial, heavy metal, and contaminant testing.

Traditional Support for

- Healthy energy production*
- Healthy metabolism*
- Healthy hair and skin*
- Healthy temperature regulation*
- Healthy cognition*
- Regular menses*
- Healthy digestion and bowel regularity*

Supplement Facts

Serving Size	1 Capsule	
Servings Per Container	100

Vitamin D3 Complete Softgels Daily Balance with A and K2

Vitamin D3 Complete Softgels is formulated to respect the crucial importance of balancing vitamin D with vitamin A.* It also contains the other oil-soluble vitamins, K2 (menaquinone-7) and DeltaGOLD® tocotrienols (part of the vitamin E family). Vitamin D3 Complete Softgels is formulated for safe, long-term daily supplementation for most individuals.*

This formula is based on the understanding that repletion and maintenance of vitamin D levels is best accomplished with modest, regular doses of vitamin D, balanced by vitamin A. Physiological amounts of vitamin D, as opposed to pharmacological doses, may better support vitamin D's interaction with the many kinds of tissues in the human body that have vitamin D receptors.*

Supplement Facts		
Serving Size	1 softgel	
Servings Per Container	60 or 120	
Amount Per Serving	% Daily Value*	
Vitamin A (as 3000 IU of Retinyl Palmitate)	900 mcg RAE	100%
Vitamin D3 (as 2000 IU of Cholecalciferol)	50 mcg	250%
Vitamin K2 (as Menaquinone-7)	100 mcg	†
Tocotrienols (as DeltaGOLD® Tocotrienols)	5 mg	†
† Daily Value not established		
* Percent Daily Value are based on a 2,000 calorie diet		

Other ingredients: Vegetarian Capsule (modified food starch, carrageenan, sorbitol, glycerin, purified water) and safflower oil.

Suggested Use: As a dietary supplement, 1 softgel one or two times daily, with a meal, or as directed by a healthcare professional.

Caution: Proper blood monitoring recommended for higher doses.

DeltaGOLD® is a registered U.S. trademark of American River Nutrition, LLC and protected by US Patent 8,586,109.

Suntheanine®

Suntheanine® is a registered trademark of Suntheanine, Inc. Sensoril® is protected under U.S. Patent No. 7,318,938 and CA Patent No. 2,530,476, and is a registered trademark of Sensoril, Inc.™

Zen Sleep

with P5P and 5-HTP

Zen Sleep starts with the foundation ingredients of our original product 200 mg of Zen, GABA (gamma-aminobutyric acid), and L-theanine (glutamic acid gamma-ethylamide), an amino acid derivative found naturally in green tea (*Camellia sinensis*). Added to them are P5P (pyridoxal-5-phosphate), which is the coenzyme form of vitamin B6, and 5-HTP (L-5-hydroxytryptophan), the precursor to serotonin and melatonin. This combination helps promote a relaxed state, and provides the necessary factors for the body to produce melatonin, supporting normal, healthy sleep.*

GABA and L-theanine can help balance the parasympathetic nervous system.* 5-HTP and P5P can directly and indirectly support this calming action.*

Supplement Facts		
Serving Size	2 Capsules	
Servings Per Container	30	
Amount Per Serving	% Daily Value**	
Vitamin B6 (as Pyridoxal-5-Phosphate)	10 mg	588%
GABA (Gamma-Aminobutyric Acid)	550 mg	†
Suntheanine® L-theanine	200 mg	†
L-5-Hydroxytryptophan	100 mg	†

† Daily value not established.
**Percent Daily Value are based on a 2,000 calorie diet.

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, rice hull concentrate, gum arabic, sunflower oil.

Suggested Use: As a dietary supplement, 2 capsules 30 minutes before bedtime, or as directed by a healthcare practitioner.

Warning: Not indicated for pregnant or nursing women. If taking antidepressants or other psychotropic medications, use only under the supervision of a qualified healthcare practitioner. Although we are not aware of any interactions, because these also affect brain function there is theoretical potential for negative or positive interactions, either of which would need to be monitored.

Item #77360
60 vegetarian capsules

Zn-Zyme Forte Tablets

Zn-Zyme Forte delivers 25 mg of elemental zinc per tablet, providing a crucial mineral for overall health and optimal cellular function. Functioning as a cofactor for over seventy enzymes, zinc plays a vital role in numerous cellular processes.

SKU #1725
(100 Tablets)

BENEFITS

-  Helps prevent diabetic cardiomyopathy
-  Scavenges harmful hydroxyl radicals
-  Protects against oxidative stress
-  Shields from metal toxicity
-  Regulates metal levels in the body
-  Supports nutrient/gene interactions
-  Boosts cellular performance
-  Strengthens cell membranes
-  Enhances bone strength
-  Gluten free
-  Dairy free
-  GMO free

INDICATION

- Immunity Support
- Mineral support
- Acne
- Diabetic cardiomyopathy
- Stomach healing
- Cold, fever & flu

SUGGESTED USE

One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Zinc (as zinc gluconate and zinc citrate)	25 mg	227%

Other ingredients: Vegetable culture †, stearic acid (vegetable source), cellulose and food glaze.

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

RECOMMENDATION: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.
Sealed with an imprinted safety seal for your protection.

Product # 1725 Rev. 12/18

Zn-Zyme™ (Zinc)

Product # 1713 (100T) | Zinc

Zn-Zyme™ supplies 15 mg of elemental zinc per tablet. Zinc is a mineral essential to both normal health and to optimal cellular function. As a cofactor for an excess of 70 enzymes, zinc plays an important role in many cellular processes.[†] Zinc is also a component of specific DNA binding proteins, known as zinc finger proteins. Zinc fingers are vital for nutrient/gene interactions.[†]

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Zinc (as zinc gluconate and zinc citrate)	15 mg	136%

Other ingredients: Cellulose, vegetable culture[†], stearic acid (vegetable source), magnesium stearate (vegetable source) modified cellulose gum, and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.
