5-MTHF Plus Forte X 60 Tablets

5-MTHF Plus Forte® supplies folate in the active form of calcium methylfolate, glucosamine salt. 5-MTHF Plus Forte® is a highly absorbable, activated form of folate, which does not require enzymatic conversion to 5-methylfolate in the body. The glucosamine salt form utilized in 5-MTHF Plus Forte® is more stable than other forms of methylfolate often used. Each serving (1/2 tablet) of 5-MTHF Plus Forte® contains 2,500 mcg of folate.

Product # 1182 Rev. 11/22

Acetyl-Glutathione 100 mg

Best Seller

Replenish Intracellular Glutathione*

 Hypoallergenic

Item #76430

60 scored tablets

Acetyl-Glutathione 100 mg is a novel oral acetyl-glutathione formulation that is stable in the stomach and gastrointestinal tract, well-absorbed, and able to enter the cells directly

and present to the cytosol for mitochondrial entry.* Acetyl-Glutathione 100 mg uses pure Emothion® glutathione as the starting material.**

Suggested Use

As a dietary supplement, 1 tablet two times daily on an empty stomach, or as directed by a healthcare professional.

Serving Size: 1 scored tablet
Servings Per Container: 60

Amount per serving:

S-Acetyl-L-Glutathione 100 mg
Other ingredients: Microcrystalline cellulose, Micosolle®, calcium phosphate, sodium starch glycolate, vegetable magnesium stearate.

**Emothion™ is a trademark of Gnosis SPA.

Acetyl-L-Carnitine

Product # 5206 (90C) | Neuroprotectant & Metabolic Support

Acetyl-L-Carnitine (ALC) is found throughout the central nervous system (CNS) metabolism, and offers a source of acetyl groups for the synthesis of acetylcholine, an important neurotransmitter. Thereby, it functions in helping to support healthy brain function.*

Recommendation: One (1) capsule one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Acetyl-L-Carnitine hydrochloride	500 mg	*
* Daily Value not established		

Other ingredients: Capsule shell (gelatin and water).

Each capsule supplies 500 mg of Acetyl-L-Carnitine. Acetyl-L-Carnitine (ALC) is an ester of the trimethylated amino acid L-carnitine and is synthesized in the brain, liver, and kidneys by the enzyme ALC transferase. ALC facilitates the uptake of acetyl CoA into the mitochondria during fatty oxidation, enhances acetylcholine production, and stimulates protein and membrane phospholipid synthesis. It has been found to be beneficial with geriatric depression, dementia, HIV infection, diabetic neuropathies, alcoholism, ischemia, and as a component of anti-aging protocols. 1–2 capsules, 3 times a day. Product is not recommended during pregnancy or lactation.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. B6 Phosphate

Product # 5100 (100T) | Phosphorylated B Vitamin

B6 Phosphate supplies the biologically active form of vitamin B6, pyridoxal-5-phosphate, in combination with the antioxidant compounds superoxide dismutase (SOD) and catalase. Vitamin B6 is important for proper immune function, metabolism, and cardiovascular health (necessary for healthy homocysteine levels).[†]

Recommendation: One (1) tablet one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Vitamin B6 (as pyridoxal-5-phosphate)	20 mg	1,176%
Superoxide Dismutase (from vegetable culture [†])	20 mcg	*
Catalase (from vegetable culture [†])	20 mcg	*
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source), magnesium stearate (vegetable source) and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Biologically active form of vitamin B-6 (16 mg per tablet) in a vegetable culture base. Use with carpal tunnel syndrome, joint pain, trigger finger (use with raw pecans), homocystinuria, sensitivity to bright light, burning or tingling in the extremities, inability to recall dreams, decreased liver enzymes, increased C-reactive protein, vitamin B-6 anemia (normal serum iron and/or ferritin with a decreased MCV/MCH), and sensitivity to MSG. Vitamin B-6 is a synergist to magnesium and zinc. 2–4 tablets, 3 times a day with meals. Do not exceed 25 mg per day during pregnancy/lactation.

Bio-3B-G®

Product # 1137 (180T) | Phosphorylated B Vitamins/Stress Support

Bio-3B-G® is a B-vitamin formulation containing the phosphorylated forms of thiamin (B1), riboflavin (B2) and vitamin B6, with a higher amount of thiamin, as compared to riboflavin and niacin, for increased thiamin needs.

Recommendation: Three (3) tablets each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 3 Tablets
Servings Per Container: 60

	Amount Per Serving	% Daily Value
Thiamin (B1) (as cocarboxylase chloride)	4.5 mg	375%
Riboflavin (B2) (as riboflavin-5-phosphate)	1.7 mg	131%
Niacin (as niacinamide)	20 mg	125%
Vitamin B6 (as pyridoxal-5-phosphate)	2 mg	118%
Folate (as calcium folinate)	400 mcg DFE	100%
Vitamin B12 (as methylcobalamin)	6 mcg	250%
Biotin	300 mcg	1,000%
Pantothenic Acid (as calcium pantothenate)	10 mg	200%
Superoxide Dismutase (from vegetable culture†)	60 mcg	*
Catalase (from vegetable culture†)	60 mcg	*

* Daily Value not established

Other ingredients: Other ingredients: Cellulose, stearic acid (vegetable source), food glaze and magnesium stearate (vegetable source).

† Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Designed by Harry O. Eidenier, Jr. in conjunction with Bill Sparks at Biotics Research Corporation. A multiple B vitamin containing the phosphorylated forms of B-1, B-2, and B-6. Product is the same as Bio-B 100, except this product is three times higher in phosphorylated thiamine. Consider Bio-3B-G, at 2–4 tablets, 3 times a day where increased thiamine is required (low blood pressure, psychological stress, hypoglycemia, adrenal cortical hypofunction, severe fatigue, etc.). When the need for thiamine is high, dose at 2 tablets per waking hour for 10–20 days.

Bio-D-Mulsion Forte

Bio-D-Mulsion Forte delivers a potent 2,000 IU per drop of vitamin D3 in a micro-emulsion form for enhanced absorption and utilization. Clinical studies have shown notable improvements in 25(OH)D concentrations (a 202% increase) within just six weeks of starting supplementation with Bio-D-Mulsion Forte.

SKU #1012
(30 ml)

BENEFITS

Treats hypovitaminosis D

Easy to administer for greater compliance

Safe for infants and toddlers

Supports overall health

Gluten free

Dairy free

GMO free

INDICATION

- General support
- Immune support
- Musculoskeletal support
- Vitamin support
- Hypovitaminosis D
- Free radical conditions
- Hypertension
- Insulin resistance
- Epilepsy
- Polycystic ovary syndrome (PCOS)
- Osteoarthritis
- Autoimmune diseases (grave's disease, hashimoto's thyroiditis, systemic lupus erythematosus, rheumatoid arthritis..)

SUGGESTED USE

Two (2) drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Drops (0.08 mL)
Servings Per Container: 365

	Amount Per Serving	% Daily Value
Vitamin D (as cholecalciferol)	100 mcg (4,000 IU)	500%

Other ingredients: Water, gum arabic and sesame seed oil.

Bio-D-Mulsion Forte® is an oil-in-water emulsion. Vitamin D oil has been dispersed into microscopic particles to aid absorption and assimilation.

This product is gluten and dairy free.

Calcium Magnesium Citrate

Pure, Well-Absorbed Calcium-Magnesium*

 Hypoallergenic

Item #71980

100 vegetarian capsules

Equal amounts of calcium and magnesium, in the well-absorbed citrate form.*

Suggested Use

As a dietary supplement, 1 capsule one to three times daily between meals, or as directed as a healthcare practitioner.

Contraindicated with use of aluminum-containing drugs.

Serving Size: 1 capsule

Servings Per Container: 100

Amount per serving:

Calcium (as Calcium Citrate) 100 mg

Magnesium (as Magnesium Citrate). 100 mg

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, magnesium stearate, stearic acid.

This product is gluten, dairy and GMO free.

CoQH-CF® Ubiquinol Softgels

CoQH-CF® is a reduced form of coenzyme Q10 (ubiquinol). This is the actual antioxidant form of coenzyme Q10, and it also supports cellular energy production. A unique softgel delivery system protects and stabilizes the content.

SKU #76070
(60 softgels)

BENEFITS

Bioavailable ubiquinol

Boosts energy levels

Provides powerful antioxidant support

Fights oxidative stress

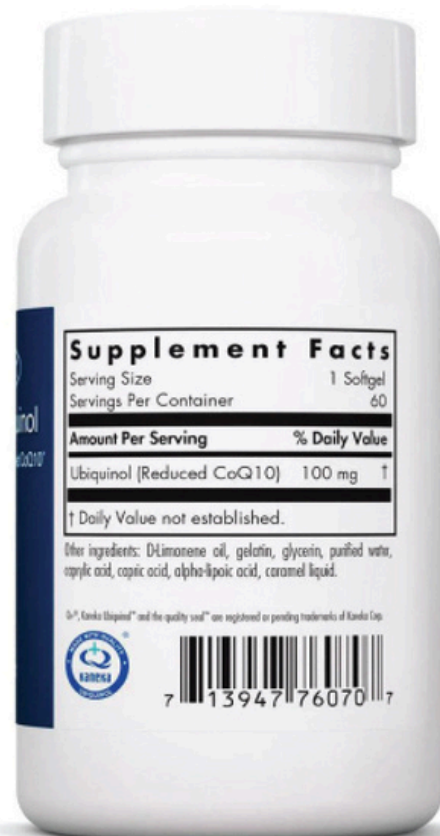

Supports the immune system

INDICATION

- Mitochondrial support
- Antioxidant
- Immune support
- Cardiovascular health

SUGGESTED USE

As a dietary supplement, 1 softgel one to three times daily with meals, or as directed by a healthcare practitioner.

EFA-Sirt Supreme-BC Softgel Capsules

EFA-Sirt Supreme®-BC offers a specialized blend of essential fatty acids, including EPA, DHA, and GLA sourced from black currant seed oil. It is uniquely concentrated and enhanced with all-natural mixed tocopherols, prioritizing high levels of gamma (γ)-tocopherol for optimal effectiveness.

SKU #1426
(180 Softgel Capsules)

BENEFITS

Anti-ageing support

Optimise blood sugar levels

Regulates blood pressure

Healthy heart support

Gluten free

Dairy free

INDICATION

- Cardiovascular support: for coronary heart disease, increased membrane fluidity in platelet aggregation, blood viscosity, capillary flow, and plasma fibrinogen
- Support of healthy blood lipid profiles, nitric oxide (NO) production, fatty acid oxidation, and normal blood pressure, blood sugar, and insulin levels

SUGGESTED USE

Six (6) softgel capsules each day as a dietary supplement or as otherwise directed by a healthcare professional.

SKU: 1113

Electrolyte Forte

Formulated to Support Cellular
Electrolyte Balance

Clinical Benefits*

- Supports lipid and carbohydrate metabolism
- Key minerals at doses needed for multiple metabolic and cardiovascular functions, including blood pressure regulation, myocardial metabolism, and effective insulin action
- Taurine is added for enhanced mineral uptake and to provide a beneficial effect associated with “browning” of adipose tissue.
- Antioxidants include vitamin C, beet juice powder, and pomegranate juice powder
- Provides support for physical activity

Electrolyte Forte is a powdered formulation containing key minerals and nutrients that support healthy energy metabolism, muscle function, and a healthy inflammatory response.* **Electrolyte Forte** provides higher doses of key minerals like magnesium, potassium, and calcium than typically provided in electrolyte formulas, and may also be used to supplement dietary intake. These minerals are essential not only for muscle contraction and recovery, but also for ATP production, and both metabolic and cardiovascular function. Unlike most electrolyte formulas, **Electrolyte Forte** also provides the amino acid taurine, which has been shown to influence energy metabolism in adipose tissue, provide mitochondrial support and improve lipid metabolism, especially when combined with exercise.¹

Ingredients: Magnesium glycerophosphate, calcium lactate, watermelon powder, potassium phosphate, sodium chloride, taurine, potassium chloride, pomegranate juice powder, non-GM ascorbic acid, beet juice powder, and monk fruit extract (Luo Han Guo).

This product is gluten and dairy free.

RECOMMENDATION: One (1) scoop mixed with twelve (12) ounces of water, or beverage of your choice, each day as a dietary supplement or as otherwise directed by your healthcare professional.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area. Sealed with imprinted safety seal for your protection.

Product # 1113 Rev. 07/23

Highlights

- Potent doses of minerals typically not found in electrolyte formulas, including 150 mg magnesium and 150 mg calcium per serving
- Lower dose of sodium than most electrolyte formulas
- Sweetened with monk fruit extract (no glucose or fructose); **Electrolyte Forte** does not have added sugars typically found in electrolyte formulas which may impair glycemic control.
- Infused with a subtle hint of watermelon and pomegranate

 Hypoallergenic

Item #71260
120 softgels

Oil from the seeds of the evening primrose plant was the material studied in the original research on GLA.* GLA is an essential omega-6 fatty acid.* The oil is cold-pressed and hexane free. Standardized to 9% GLA.

Suggested Use

As a dietary supplement, 1 softgel one or two times daily with meals, or as directed by a healthcare practitioner.

Serving Size: 1 softgel
Servings Per Container: 120

Amount Per Serving:

Calories	5
Calories from Fat	5
Total Fat	500 mg
Evening Primrose Oil	500 mg
Gamma-Linolenic Acid (ω-6)	45 mg
Linoleic Acid (ω-6)	365 mg
Oleic Acid	35 mg
Other ingredients: Gelatin, glycerin, water.

Gammanol Forte with FRAC

Gammanol Forte is a supplement containing gamma oryzanol, free transferulic acid (FRAC), and antioxidant enzymes like SOD and catalase. It supports lean muscle mass, promotes healthy cholesterol levels, aids in endorphin release, and enhances growth hormone activity. Additionally, it helps normalize gastric function, particularly in the gastric and duodenal mucosa.

SKU #6710
90 Tablets

BENEFITS

Gluten free

Dairy free

INDICATION

- Support Lean Muscle Support
- Menopausal Hot Flashes
- Hyperlipidemia
- Low Blood Pressure
- Chest Pain
- Adrenal Fatigue
- Stomach Inflammation
- Stress
- Joint Pain

SUGGESTED USE

One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare provider.

Caution: KEEP OUT OF REACH OF CHILDREN.
Store in a cool & dry area.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
FRAC® (from rice) †	50 mg	*
Gamma oryzanol (from rice)	25 mg	*

* Daily Value not established

Other ingredients: Cellulose, vegetable culture ‡, magnesium stearate (vegetable source), silica, stearic acid (vegetable source) and modified cellulose gum.

† FRAC® (a registered trademark of Biotics Research Corporation) is a mixture of water soluble, free transferulic acid and free sterols prepared from rice bran by an exclusive fractionation process developed by Biotics Research Corporation.

‡ Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with superoxide dismutase and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten and dairy free.

RECOMMENDATION: One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.

Sealed with an imprinted safety seal for your protection.

GAMMANOL FORTE WITH FRAC SKU: #6710

✓ Top Health Benefits:

🧬 1. Hormonal Balance & Fertility Support

- Modulates hypothalamic-pituitary signaling, supporting healthy FSH and LH output
- Traditionally used in Japan to treat menstrual irregularities, anovulation, and hypothalamic amenorrhea
- Supports egg quality and hormonal rhythm in women, especially in stress-related infertility
- In men, may improve sperm parameters by reducing oxidative stress in testicular tissues

🧠 2. Stress, Anxiety & Neuroendocrine Function

- Acts on the autonomic nervous system, reducing symptoms of anxiety, fatigue, irritability, and mood swings
- Used in Japan for neurovegetative symptoms of perimenopause and menopause, including hot flashes
- May improve sleep quality and stress tolerance via cortisol modulation

🌟 3. Powerful Antioxidant & Anti-Inflammatory

- Free trans-ferulic acid neutralizes free radicals and reduces lipid peroxidation
- Protects against cellular damage in liver, skin, blood vessels, and reproductive organs
- Helps lower inflammatory markers in chronic metabolic and autoimmune conditions

❤️ 4. Cardiovascular & Metabolic Support

- Improves lipid metabolism by reducing total and LDL cholesterol
- Supports liver health and may help reduce fatty liver infiltration
- Contributes to blood pressure regulation and endothelial protection

🧴 5. Skin Health & UV Protection

- Ferulic acid is used in dermatology for its photo-protective, collagen-preserving, and anti-pigmentation properties
- Often combined with vitamins C and E in skin serums for enhanced antioxidant effect

⚠️ Usage & Safety Notes:

- Gamma-Oryzanol dosage: typically 50–100 mg 2–3x/day
- Often used in combination with vitamin E or CoQ10
- Safe for long-term use with a high safety margin
- Caution in pregnancy or hormone-sensitive cancers — use under medical supervision

Intenzyme Forte™

Product # 1207 (50T) # 1201 (100T) # 1202 (500T)
Digestive/Inflammatory Response Support

Intenzyme Forte™ is a broad-spectrum proteolytic enzyme formulation containing pancreatin, bromelain, papain, lipase, amylase, trypsin and alpha chymotrypsin. It may be utilized to support numerous protein metabolism pathways.+ Proteolytic enzymes are capable of exerting influence over a wide variety of physiological and biochemical processes. The benefits of **Intenzyme Forte™** include its effect on muscle soreness and discomfort due to overexertion, the support of hormone processing, as well as providing support for healthy digestive, immune and circulatory functions.+

Recommendation: One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Pancreatin 4X (porcine)	100 mg	*
Bromelain (from pineapple)	50 mg	*
Papain (from papaya)	50 mg	*
Lipase (porcine)	10 mg	*
Amylase (porcine)	10 mg	*
Trypsin & Alpha Chymotrypsin (porcine)	100 mg	*
Superoxide Dismutase (from vegetable culture†)	10 mcg	*
Catalase (from vegetable culture†)	10 mcg	*

* Daily Value not established

Other ingredients: Stearic acid (vegetable source), cellulose, magnesium stearate (vegetable source) and food glaze.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of animal and plant proteolytic enzymes. Product is high in trypsin/chymotrypsin. Use with systemic inflammation, tissue damage, arthritis, food sensitivity, increased fibrinogen, poor circulation due to inflammation or atherosclerosis (use with Porphyra-Zyme), phlebitis, and free radical conditions. With acute injury, use 10 tablets immediately and then 5 tablets, 4 times a day on an empty stomach for 3 days, and then reduce to 4 tablets, 3 times a day on an empty stomach until the inflammation and swelling abates. With chronic inflammation, arthritis, etc., use 3–4 tablets, 3 times a day on an empty stomach. Intenzyme Forte will help to thin the blood; therefore, it should be used with caution with patients who are on prescribed blood thinners.

Iodizyme-HP™

Product # 1737 (120T) | High Potency Iodine

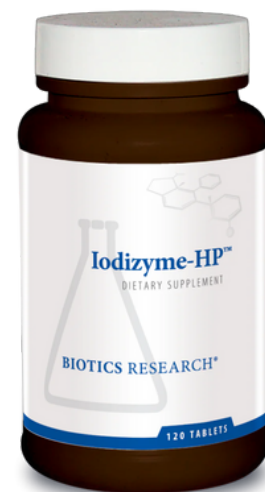

Iodizyme-HP™ is a high potency iodine supplement, supplying both iodine and iodide. As a result of decreased iodine status due to the typical Western diet, optimal thyroxine is not always produced, thus potentially affecting normal thyroid function.+ The use of oral iodine/iodide can aid in circumventing this issue. Although approximately 80% of the dietary intake of iodine is sequestered by the thyroid gland, other tissues concentrate iodine as well. These tissues include the salivary glands, the gastric mucosa, the choroid plexus, the mammary glands and the ovaries. Published information suggests iodine/iodide helps to maintain healthy hydroxyl estrogen ratios as well. **NOTE: This product is available only to practitioners who are authorized to order blood work.**

Recommendation: One half (½) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Warning: High dose iodine products should only be used under the direct supervision of a healthcare professional that is licensed to diagnose and treat. Not recommended for pregnant or lactating women.

Supplement Facts		
Serving Size: ½ Tablet		
Servings Per Container: 240		
	Amount Per Serving	% Daily Value
Total Iodine/Iodide	6.25 mg	4,167%
Iodine	2.5 mg	
Iodide (as potassium salt)	3.75 mg	
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source), magnesium stearate (vegetable source), silica and food glaze.

Consider 1–2 teaspoons, 3 times a day for chronic problems and up to 6 teaspoons, 3 times a day in the acute phase. For children, consider 1/2 teaspoon, 1–3 times a day. With reduced secretory IgA, use with Cytozyme-THY, Immuno-GG, and BioDoph-7 Plus.

KappArest™

Product # 7855 (180C) | Inflammatory Response Support

KappArest™ is a proprietary formula supplying a broad array of antioxidants and phytonutrient components. It is designed to support a healthy inflammatory response, primarily through the modulation of NF-kappaB, a molecule inside each cell.⁺ Included in this formula is **Phytolens®**, a Biotics Research patented extract from lentil, which has demonstrated broad antioxidant properties, and displays potent free radical scavenging ability, resulting in marked benefits on the body's natural inflammatory process.⁺

Recommendation: Three (3) capsules two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

Supplement Facts	
Serving Size: 3 Capsules	
Servings Per Container: 60	
	Amount Per Serving
Proprietary Blend	1,150 mg
Curcuma Longa (emulsified root extract [†] and rhizome powder)*	
Boswellia (<i>Boswellia serrata</i>) (resin oil) (extract)*	
Propolis*	
Green Tea (<i>Camellia sinensis</i>) (leaf) (extract)*	
Ginger (<i>Zingiber officinale</i>) (rhizome) (extract)*	
Rosemary (<i>Rosemarinus officinalis</i>) (aerial part) (extract)*	
Celery (<i>Apium graveolens</i>) (seed) (extract)*	
Alpha-Lipoic Acid*

* Daily Value not established

Other ingredients: Capsule shell (gelatin and water), cellulose, silica and magnesium stearate (vegetable source).

[†] Emulsified Curcuma longa root extract is prepared using a non-chemical process which creates an excellent dual-phase, polar/non-polar emulsion for transport through the lipid membrane.

^{††} **Phytolens®** is a registered trademark of Biotics Research Corporation, U.S. Patent # 5,762,936

^{†††} **Bioperine®** is a registered trademark of Sabinsa Corporation.

Designed by Dr. Alex Vasquez. Three capsules contain a 1,150 mg proprietary blend of curcuminoids, boswellia, propolis, green tea extract, ginger, rosemary, celery seed extract, resveratrol, alpha lipoic acid, cane juice extract (Wulzen Factor), phytolens and piper nigrum. Product inhibits production of NF-Kappa-B, a molecule inside each cell that becomes activated to stimulate the production of inflammatory chemicals that promote pain, inflammation and a variety of other problems such as heart disease, lupus, arthritis and other free radical problems. 3-4 capsules twice a day. Not recommended during pregnancy. Product should be used with Bio-D Mulsion Forte and Optimal EFAs or EFA-Sirt Supreme.

Li-Zyme[™] Forte

(Phytochemically-Bound Lithium[™])

Product # 1724 (100T) | Whole Food Lithium Source

Li-Zyme Forte[™] supplies the trace mineral lithium as a whole food, phytochemically-bound vegetable culture source. It may be used where a higher concentration of lithium is indicated. Typical dietary intakes of lithium range from 200 to 600 mcg per day, however certain population groups consume levels that are significantly higher. While not considered an essential trace mineral, animal studies have documented detrimental effects of lithium deficiency. Each tablet supplies 150 mcg of plant sourced lithium.

Recommendation: One (1) tablet one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts	
Serving Size: 1 Tablet	
	Amount Per Serving
Lithium (from vegetable culture [†])	150 mcg*
* Daily Value not established	

Other ingredients: Stearic acid (vegetable source), food glaze, modified cellulose gum, magnesium stearate (vegetable source) and cellulose.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing **Phytochemically-Bound Lithium[™]** and other phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Use with depression, alcoholism, fibromyalgia, thyroid hyperfunction, and severe mental stress. Product is the same as LI-Zyme except each tablet contains 150 micrograms of naturally occurring lithium from vegetable culture. 2–3 tablets, 3 times a day with meals. In severe cases, this product should be dosed at two tablets per waking hour for the first two weeks of treatment. Two tablets per waking hour is the dose that should be used with thyroid hyperfunction.

Lipoic Acid Plus

Product # 5199 (90C) | Alpha-Lipoic Acid (ALA)

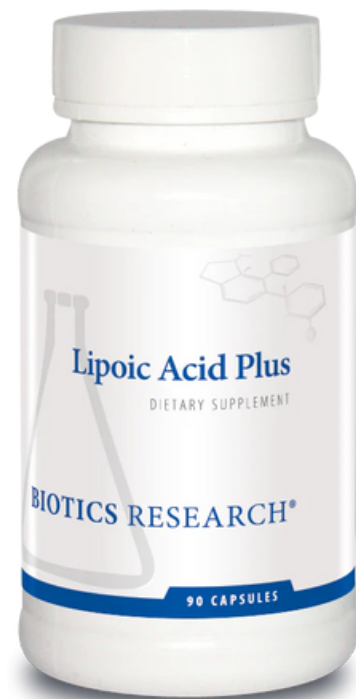

Lipoic Acid Plus supplies alpha-lipoic acid (ALA), a potent antioxidant and a critical cofactor for many enzyme complexes, along with vitamin C. As a powerful biological antioxidant, lipoic acid's capability to quench free radicals is equivalent to that of coenzyme Q10 (CoQ10), and vitamins C and E. In the body it functions as both a coenzyme, and a necessary component for normal mitochondrial function. ALA is unique in that it has activity in both fat and water-soluble tissues. ALA has demonstrated advantageous effects in supporting the cardiovascular system, biological energy production and glucose regulation.*

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Vitamin C (as calcium and magnesium ascorbate)	50 mg	56%
Alpha Lipoic Acid	100 mg	*
* Daily Value not established		

Other ingredients: Cellulose, capsule shell (gelatin and water) and magnesium stearate (vegetable source).

Liquid Iodine Forte™

Product # 1736 (2 fl oz) | Potassium Iodide

Liquid Iodine Forte™ supplies 150 mcg of iodine (as potassium iodide) per drop. Iodine is an essential trace mineral, and is vital to healthy thyroid function.⁺ Approximately 80% of the dietary intake of iodine is sequestered by the thyroid gland. However, other tissues concentrate iodine as well, including salivary glands, the gastric mucosa, choroids plexus, the lactating mammary gland and the ovaries. Decreased iodine status may result in an insufficient production of thyroxine, and thus may impact thyroid function.⁺ Vegetarians may also be at increased risk of iodine deficiency.

Recommendation: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Drop (0.05 mL)		
	Amount Per Serving	% Daily Value
Iodine (as potassium iodide)	150 mcg	100%

Other ingredients: Purified water, citric acid and sodium benzoate.

150 micrograms of potassium iodide per drop. Use where a higher concentration of iodine is required (douche, significant thyroid hypofunction or hyperfunction, etc.). Use at one-half the dose of Liquid Iodine.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. Functional Medicine E-ventures private limited acts solely as a distributor and does not assume any responsibility for the accuracy, completeness and does not accept any liability for outcomes arising from the use, misuse, or interpretation of the information or products referenced herein.

Liquid Iodine

Product # 1730 (2 fl oz) | Potassium Iodide

Liquid Iodine supplies 75 mcg of iodine (as potassium iodide) per drop. Iodine is an essential trace mineral, and is vital to healthy thyroid function.* Approximately 80% of the dietary intake of iodine is sequestered by the thyroid gland. However, other tissues concentrate iodine as well, including salivary glands, the gastric mucosa, choroids plexus, the lactating mammary gland and the ovaries. Decreased iodine status may result in an insufficient production of thyroxine, and thus may impact thyroid function. Vegetarians may be at increased risk of iodine deficiency.

Recommendation: One (1) drop one (1) to two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Drop (0.05 mL)		
	Amount Per Serving	% Daily Value
iodine (as potassium iodide)	75 mcg	50%

Other ingredients: Water, citric acid, and sodium benzoate.

5 micrograms of potassium iodide per drop. Use with thyroid conditions where additional iodine is required, emotional changes during the change of seasons, where the skin cracks on the hands or feet, excess or thick secretions, sinus infections, ovarian dysfunction, benign cysts and fibroids, tenderness of the area around the costal cartilages, topically for hemorrhoids, acne, boils, and with some cases of rheumatoid arthritis. 10–50 drops daily in a glass of pure water. Increase up to 150 drops per day in severe cases and when used as a douche.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Mg-Zyme Capsules

Mg-Zyme serves as a source of additional magnesium, provided in the form of mixed mineral chelates. Ensuring sufficient magnesium intake is vital, given its essential role in numerous ATP-dependent reactions. Magnesium is crucial for musculoskeletal health, proper cardiac and immune function, as well as the maintenance of healthy blood sugar metabolism

SKU #1707
(100 Capsules)

BENEFITS

-  Provides inflammatory support
-  Optimizes neuronal activity
-  Supports cardiac excitability
-  Maintains vascular tone
-  Helps maintain blood pressure
-  Enhances peripheral blood flow
-  Supports muscular contraction
-  Boosts energy production
-  Provides mood support
-  Optimizes blood glucose levels
-  Supports cellular growth and reproduction
-  Gluten free
-  Dairy free
-  GMO free

*Available for Retail in- clinic

INDICATION

- Macromineral support
- Neuromusculoskeletal support
- Cardiovascular stress
- Kidney and gallstones
- Fibromyalgia
- Osteomalacia

SUGGESTED USE

One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving	% Daily Value
Magnesium (as magnesium aspartate, magnesium glycinate and magnesium gluconate)	100 mg	24%

Other ingredients: Capsule shell (gelatin and water), organic vegetable culture†, magnesium stearate (vegetable source) and stearic acid (vegetable source).

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

NitroGreens®

Product # 1111 (8.6 oz) | Organic Phytonutrient Blend

NitroGreens® supplies a rich source of phytonutrients, including isoflavones, polyphenols, natural carotenoids, betalains, glucosinolates and isothiocyanates, as well as naturally-occurring enzymes, vitamins and trace minerals. It supplies a 100% all-organic, proprietary blend, which contains an extremely high chlorophyll content. The ingredients are enzymatically active and grown from heirloom seeds. Additionally, the contents supply a high ORAC value.

Directions: One (1) scoop of **NitroGreens®** mixed with sixteen (16) ounces of cool water (or the beverage of your choice). Add product to the liquid for ease of mixing.

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.	

Ingredients: Organic barley grass juice, organic oat grass juice, organic wheat grass juice, organic alfalfa grass juice, organic broccoli sprout concentrate, organic acerola berry extract, organic kamut grass juice, organic carrot juice, organic beet juice, organic peppermint leaf, organic kale sprout concentrate, organic cauliflower sprout concentrate, organic Stevia rebaudiana leaf extract.

100 percent organic proprietary blend of juices, extracts, and concentrates from the following sources: Grass juices from barley, wheat, oat, alfalfa, and kamut (these grasses are gluten-free), vegetable sprout concentrates from broccoli, cauliflower, and kale, vegetable juices from beet and carrot, acerola berry extract, peppermint leaf, and Stevia leaf extract. The majority of the components are sourced from heirloom seeds (old genetically unaltered plant varieties which reproduce through open-pollination). Nitro-Greens is an excellent alkalizing drink (refined foods are acidic) and should be used with systemic acidity, rheumatoid arthritis, other inflammatory problems, and as a supplemental source of grain and vegetable juices. 1-3 servings per day. Contains a small amount of iron and should be kept out of the reach of children.

Optimal EFAs®-BC

Product # 1418 (120S) | Balanced EFAs with Black Currant Seed Oil

Optimal EFAs®-BC supplies a unique balance of omega-3, -6, and -9 fatty acids by using the highest quality fish, flaxseed, and black currant seed oil. Each capsule provides optimal ratios of alpha-linolenic acid (ALA), eicosapentaenoic acid (EPA), docosahexaenoic acid (DHA), gamma-linolenic acid (GLA) and oleic fatty acids.

Optimal EFAs®-BC contains EPA and DHA sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest fish oil available with full traceability and unparalleled purity.

Recommendation: Two (2) softgel capsules two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant women.

Renal Plus™

Product # 3035 (180T) | Kidney/Bladder Support

Renal Plus™ provides optimal nutritional support for the urological system, and includes specific vitamins, minerals, and neonatal glandulars, in a unique botanical blend. It contains the botanicals uva ursi (*Arctostaphylos uva ursi*), buchu leaf (*Agathosma betulina*), echinacea (*Echinacea angustifolia*), and cranberry, along with neonatal kidney (bovine), neonatal thymus (bovine), and neonatal liver (bovine) for organ support.

Recommendation: Two (2) tablets three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

* Daily Value not established

Designed by Harry O. Eidenier, Jr. in conjunction with Bill Sparks at Biotics Research Corporation. Contains vitamin A, C, B-6, magnesium, neonatal organ and glandular support, as well as herbs known to support renal function and assist with the resolution of edema. 4 tablets, 3 times a day with meals. For acute renal problems or edema, increase to 4 tablets, 5 times a day for three days, then return to 4 tablets, 3 times a day until the problem abates. Use with Carbamide Plus at 1-2 capsules, 3 times a day, and Cytozyme-KD at 1 tablet, 3 times a day. If infection is present, use UT Complex. Not recommended during pregnancy or lactation.

Other ingredients: Stearic acid (vegetable source), modified cellulose gum, magnesium stearate (vegetable source), silica and food glaze.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Substance with hair-like appearance is actually Spanish moss fibers.

ResveraSirt-HP®

Product # 2930 (30C) # 2931 (120C) | Anti-Aging Vascular Support

Each capsule of **ResveraSirt-HP®** supplies 250 mg of purified trans-resveratrol with quercetin included for its ability to slow the metabolism of resveratrol. Also included in this formula is IP6 (phytic acid or phytin), a 6-phosphate ester of inositol derived from rice. Effective at a wide pH range, IP6 is a strong metal chelator, and thus aids in stabilizing the formula. By using the purified form of resveratrol, **ResveraSirt-HP®** does not cause the GI distress often associated with lesser grades of this material.

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise recommended by your healthcare professional.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Trans-Resveratrol	250 mg	*
Quercetin	25 mg	*
Calcium magnesium phytate	25 mg	*
* Daily Value not established		

Ingredients: Microcrystalline cellulose and capsule shell (gelatin and water).

Solution of Magnesium

Pure, Well-Absorbed Magnesium*

 Hypoallergenic

Item #70320
236 mL (8 fl. oz.)

A highly absorbable form of magnesium, formulated to be well-tolerated by the gastrointestinal tract.*

Suggested Use

Dilute prior to ingestion. As a dietary supplement, ½ teaspoon diluted in 8 oz. of your favorite beverage, two or three times daily, or as directed by a healthcare practitioner.

Serving Size: 1/2 teaspoon (2.5 mL)
Servings Per Container: 94

Amount per serving:

Magnesium (as Magnesium Chloride) 66.5 mg
Other ingredients: Deionized water, lactic acid.

Magnesium is part of hundreds of enzyme reactions in the body, and is essential for metabolism of carbohydrates, proteins, and fats; the transmission of nerve impulses; muscle contractions; detoxification; and energy production.* Magnesium is crucial for healthy bones and teeth, and enables calcium to bind to tooth enamel.*

UT Complex Capsules

UT Complex provides specialized and efficient support in maintaining healthy urinary tract function.* Harnessing unique botanicals from Traditional Chinese Medicine renowned for their support of urinary tract (UT) health, UT Complex was formulated and tested in a clinical setting.

SKU #7880
(90 Capsules)

BENEFITS

Antioxidant action

Healthy Urinary tract

Dairy free

Gluten free

Non-GMO derived

INDICATION

- Urinary tract infections
- Acidification for urinary pH
- Antiinflammatory
- Antioxidant

SUGGESTED USE

Three (3) capsules each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Drop (0.04 mL)

	Amount Per Serving	% Daily Value
Vitamin A (as palmitate)	600 mcg RAE (2,000 IU)	67%

Other ingredients: Water, gum arabic, sesame seed oil and d-alpha-tocopherol (as an antioxidant).

Bio-Ae-Mulsion® is an oil-in-water emulsion. Vitamin A oil has been dispersed into microscopic particles to aid absorption and assimilation.

This product is gluten and dairy free.

RECOMMENDATION: One (1) drop each day as a dietary supplement or as otherwise directed by a healthcare professional.

WARNING: For adult use only. Keep out of reach of children. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin A has been shown to cause serious health problems.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.

Sealed with an imprinted safety seal for your protection.
