Acetyl-L-Carnitine

Product # 5206 (90C) | Neuroprotectant & Metabolic Support

Acetyl-L-Carnitine (ALC) is found throughout the central nervous system (CNS) metabolism, and offers a source of acetyl groups for the synthesis of acetylcholine, an important neurotransmitter. Thereby, it functions in helping to support healthy brain function.*

Recommendation: One (1) capsule one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Acetyl-L-Carnitine hydrochloride	500 mg	*
* Daily Value not established		

Other ingredients: Capsule shell (gelatin and water).

Each capsule supplies 500 mg of Acetyl-L-Carnitine. Acetyl-L-Carnitine (ALC) is an ester of the trimethylated amino acid L-carnitine and is synthesized in the brain, liver, and kidneys by the enzyme ALC transferase. ALC facilitates the uptake of acetyl CoA into the mitochondria during fatty oxidation, enhances acetylcholine production, and stimulates protein and membrane phospholipid synthesis. It has been found to be beneficial with geriatric depression, dementia, HIV infection, diabetic neuropathies, alcoholism, ischemia, and as a component of anti-aging protocols. 1–2 capsules, 3 times a day. Product is not recommended during pregnancy or lactation.

Amino Sport™

Product # 5237 (180C) | Broad-Spectrum Amino Acids

Amino Sport™ is a broad-spectrum amino acid formula. It is useful for supporting muscular development, as part of a rehabilitation program or when broad-spectrum amino acid replacement is needed such as with low protein diets. †

Recommendation: Three (3) capsules two (2) to four (4) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts					
Serving Size: 3 Capsules					
Serving per Container: 60

* Daily Value not established

Other ingredients: Whey hydrolysate, capsule shell (gelatin and water), L-Phenylalanine, L-Ornithine hydrochloride, L-Arginine hydrochloride, L-Methionine, L-Asparagine, L-Citrulline and lactase.

Contains ingredients derived from milk.

Amino Sport™ contains a small amount (approximately 10 mg) of lactose from whey. A sufficient amount of lactase has been added to support lactose digestion.

An amino acid formulation designed to create an anabolic state. Useful for bodybuilding and rehabilitation. Product can also be used as a broad-spectrum amino acid formula. 1-4 capsules, 3 times a day just before meals.

Artemisia

Sweet Wormwood 30:1 Extract

 Hypoallergenic

Item #71160

100 vegetarian capsules

A concentrated extract of the leaves of sweet wormwood (*Artemisia annua*), an herb from the Far East, used for centuries in China.

Suggested Use

As a dietary supplement, 1 capsule two times daily, or as directed by a healthcare practitioner.

CAUTION: Contraindicated for pregnant women or nursing mothers. Long term administration (greater than 2 or 3 months) should be monitored by a healthcare practitioner.

Serving Size: 1 capsule
Servings Per Container: 100

Amount per serving:

Sweet Wormwood (Leaf) Extract 30:1 500 mg
Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.

Arthred® Collagen Formula Powder

Hypoallergenic

Item #72890
240 grams (8.5 oz.)

Item #76410
900 grams (31.7 oz.)

Arthred is hydrolyzed (predigested) powdered collagen (bovine source) for connective tissue support.*

Connective tissue is found throughout the body. May be used in combination with Item #72050, Matrixx (p. 71).

Suggested Use

As a dietary supplement, mix 2 level scoops (2 tablespoons) of powder into 8 oz. of juice, water, or sports drink one time daily, or as directed by a healthcare practitioner.

Serving Size: 2 scoops (approx. 10.5 g)
Servings Per Container: 22 (Item #72890), 85 (Item #76410)

Amount per serving:

Calories	40
Protein	10 g
Hydrolyzed Collagen	10.5 g

Bio-ADEK-Mulsion

X 30ml

Bio-ADEK-Mulsion provides a synergistic blend of emulsified vitamins A, D3, E, and K, with K2 and K1 in a balanced 1:1 ratio. This unique formulation is designed to enhance uptake and assimilation. Each serving delivers 375 mcg RAE (1,250 IU) of vitamin A, 25 mcg (1,000 IU) of vitamin D3, 20 mg (30 IU) of vitamin E, and 100 mcg of vitamin K.

SKU #1019

BENEFITS

Dairy free

Gluten free

INDICATION

- Pancreatic problem
- Biliary problem
- Support for absorption of Fat soluble vitamins
- Fat Soluble vitamin deficiency

SUGGESTED USE

Recommendation: Five (5) Drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 5 Drops (0.2 mL)

Servings Per Container: 150

	Amount Per Serving	% Daily Value
Vitamin A (as palmitate)	375 mcg RAE	42%
Vitamin D3 (as cholecalciferol)	25 mcg	125%
Vitamin E (as d-alpha tocopheryl acetate and mixed tocopherols)	20 mg	133%
Vitamin K (as K2 menaquinone-7 and K1 phytonadione 1:1 ratio)	100 mcg	83%

Other ingredients: Emulsifier base (water and arabic gum), sesame oil and olive oil.

This product is gluten and dairy free.

RECOMMENDATION: Five (5) drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

CAUTION: Keep out of reach of children. Use only as recommended unless otherwise directed by a healthcare professional. Excessive consumption of vitamin A has been shown to cause serious health problems.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.

Sealed with an imprinted safety seal for your protection.

Product # 1019 Rev. 12/18

Bio-Allay®

Product # 7857 (120C) | Inflammatory Response Support

Bio-Allay® supplies a proprietary blend of standardized extracts of white willow, devil's claw, and Boswellia serrata, which provide a natural means to support the downregulation of pro-inflammatory compounds.+

Recommendation: Two (2) capsules two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

Supplement Facts	
Serving Size: 2 Capsules	
Servings Per Container: 60	
	Amount Per Serving
Proprietary Blend	950 mg
White Willow (<i>Salix alba</i>) (bark) (extract)	*
Devil's Claw (<i>Harpagophytum procumbens</i>) (root) (extract)	*
Boswellia serrata (resin oil) (extract)	*
* Daily Value not established	

Other ingredients: Capsule shell (gelatin and water), cellulose and magnesium stearate (vegetable source).

Each tablet contains a proprietary blend of White Willow, Devil's Claw extract and Boswellia serrata extract. Product should be considered for pain (analgesic) and when the pain is associated with osteo or rheumatoid arthritis; consideration should be given to using the product with KappArest and Sculacia. 1-2 capsules, 3 times a day (increase if pain is severe). Note: Product should not be used during pregnancy or lactation or by patients who are allergic to salicylates.

Bio-CMP™

Product # 6600 (100T) Product # 6601 (250T) | Electrolyte Minerals

Bio-CMP™ is a special electrolyte blend that combines the minerals calcium, magnesium and potassium. A meaningful elemental amount of each mineral is provided and allows just the right amount to be used to meet each unique clinical situation. **Bio-CMP™** can be used proactively or to address specific instances associated with occasional electrolyte imbalances.*

Recommendation: One (1) tablet one (1) to three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Calcium (as calcium gluconate)	18 mg	1%
Magnesium (as magnesium gluconate)	5 mg	1%
Potassium (as potassium chloride)	52 mg	1%
* Daily Value not established		

Other ingredients: Cellulose, stearic acid (vegetable source), modified cellulose gum and magnesium stearate (vegetable source).

Each **Bio-CMP™** tablet contains:

- 200 mg of Calcium Gluconate
- 100 mg of Magnesium Gluconate
- 100 mg of Potassium Chloride

A combination of calcium, magnesium, and potassium. Excellent for muscle and menstrual cramps. The product is also useful for adrenal hyperfunction, bursitis, edema, tendonitis, food/environmental sensitivity, exposure to radiation, low-salt diets, and inflammation. 1–2 tablets, 3 times a day. With acute muscle or menstrual cramps, use 6 tablets when the cramps begin and then 4 tablets per hour for up to 6 hours.

Bio-D-Mulsion Forte

Bio-D-Mulsion Forte delivers a potent 2,000 IU per drop of vitamin D3 in a micro-emulsion form for enhanced absorption and utilization. Clinical studies have shown notable improvements in 25(OH)D concentrations (a 202% increase) within just six weeks of starting supplementation with Bio-D-Mulsion Forte.

SKU #1012
(30 ml)

BENEFITS

Treats hypo-vitaminosis D

Easy to administer for greater compliance

Safe for infants and toddlers

Supports overall health

Gluten free

Dairy free

GMO free

INDICATION

- General support
- Immune support
- Musculoskeletal support
- Vitamin support
- Hypovitaminosis D
- Free radical conditions
- Hypertension
- Insulin resistance
- Epilepsy
- Polycystic ovary syndrome (PCOS)
- Osteoarthritis
- Autoimmune diseases (grave's disease, hashimoto's thyroiditis, systemic lupus erythematosus, rheumatoid arthritis..)

SUGGESTED USE

Two (2) drops each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Drops (0.08 mL)
Servings Per Container: 365

	Amount Per Serving	% Daily Value
Vitamin D (as cholecalciferol)	100 mcg (4,000 IU)	500%

Other ingredients: Water, gum arabic and sesame seed oil.

Bio-D-Mulsion Forte® is an oil-in-water emulsion. Vitamin D oil has been dispersed into microscopic particles to aid absorption and assimilation.

This product is gluten and dairy free.

Bio-DK Caps™

Product # 1022 (60C) | Emulsified for Enhanced Utilization

Bio-DK Caps™ supplies 125 mcg (5,000 IU) of vitamin D3 and 550 mcg of vitamin K (as K1 phytonadione and K2 menaquinone-7) as a micro-emulsion for enhanced absorption and utilization. In addition to emulsified forms of vitamins D and K, **Bio-DK Caps™** contains the enzymes superoxide dismutase (SOD) and catalase. SOD aids in cell repair and provides antioxidant protection against cellular damage from free radicals and environmental toxins.+ Catalase converts hydrogen peroxide into oxygen and water, also showing strong antioxidant properties.+

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Those taking blood thinners should avoid supplementation with Vitamin K unless specifically recommended and monitored by their physician. Pregnant and nursing mothers should avoid supplemental intakes higher than the RDI (90 mcg) unless specifically recommended and monitored by their physician.

BIO-DK MULSION and BIO-DK CAPS – Five drops of Bio-DK Mulsion contain 125 micrograms (5000 IU) of emulsified vitamin D3 and 300 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 4 to 1 ratio. Each Bio-DK Cap contains 125 micrograms of emulsified vitamin D3 and 550 micrograms of vitamin K1 and vitamin K2 (MK-7) in a 10-to-1 ratio. Both products contain SOD and Catalase. Vitamin D and K work synergistically to optimize bone and heart health, and vitamin K is essential for correct calcium utilization. Vitamin K activates osteocalcin and matrix Gla-protein (MGP), proteins that assist in directing calcium to bones and teeth and away from arteries. Both products contain K-1 (green leafy vegetable source) and K-2 (MK-7), as they work synergistically to support bone strength and help prevent calcium deposition in the arteries.

For further information on vitamin K and vitamin D, please review the information listed under Bio-D Mulsion, Bio-D Mulsion Forte, Bio-K Mulsion, and Bio-K Forte Caps. For Bio-DK Mulsion, the average dose is five drops per day. For Bio-DK Caps, the average dose is one capsule per day.

Biomega-1000™

Product # 1417 (90S) | Superior Quality Omega-3s

Biomega-1000™ provides a potent dose of omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each softgel capsule delivers an impressive 1,000 mg of EPA and DHA, making it an ideal choice when higher doses are desired.

Recommendation: One (1) softgel capsule with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Each soft-gel capsule contains 1000 mg of omega-3 essential fatty acid in the triglyceride form (sourced from Anchovy). Studies have shown the triglyceride form was hydrolyzed by lipase 12 to 15 times faster than the ethyl ester or monoglyceride form. It is sourced from a strategically placed facility in the far South Pacific Ocean off the coast of Chile, minimizing transit time. Some fish oils are processed continents away from where they are harvested, dramatically increasing the time (some up to one year) from the ocean to the patient/client (longer transit time means higher risk of oxidation). Unique and gentle patented processes are used to purify the oil from contaminants, yielding a colorless level with record-setting low TOTOX levels. Each batch of Biomega 1000 oil has a certified origin; it can be traced back to who caught the Anchovies and when they were caught. The triglyceride form of omega-3 oil has been found to be helpful with neurological, emotional, cardiovascular, immune system and cell membrane health. It is also excellent support for inflammatory and glucose management problems. 1-3 bid.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Biomega-500™

Product # 1424 (90S) | Superior Quality Omega-3s

Biomega-500™ provides omega-3 essential fatty acids (EFAs), sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest raw material available, full traceability of the product, and unparalleled purity. Each softgel capsule supplies 500 mg of EPA and DHA, as well as 70 mg of additional omega-3 EFAs.

Recommendation: One (1) softgel capsule with each meal as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Softgel Capsule		
	Amount Per Serving	% Daily Value
Calories	10	
Calories from Fat	10	
Total Fat	1 g	2%†
Saturated Fat	<0.5 g	<3%†
Omega-3 Fatty Acids	570 mg	*

† Percent Daily Values based on a 2,000 calorie diet.
* Daily Value not established

Ingredients: Capsule shell (gelatin, glycerin and water), vitamin E (as mixed tocopherols).

Contains ingredients derived from anchovy.

Each softgel capsule of Biomega-500™ contains a total of 500 mg EPA and DHA, providing a natural source of the following Omega-3 fatty acids:	
EPA (Eicosapentaenoic acid)	285 mg
DHA (Docosahexaenoic acid)	215 mg

Product is the same as BioMega 1000 except each softgel contains 500 mg of EPA/DHA. BioMega 1000 – Each softgel capsule contains 1000 mg of omega-3 essential fatty acid in the triglyceride form (sourced from anchovy). Studies have shown the triglyceride form is hydrolyzed by lipase 12 to 15 times faster than the ethyl ester or monoglyceride form. It is sourced from a strategically placed facility in the far South Pacific Ocean off the coast of Chile, minimizing transit time. Some fish oils are processed continents away from where they are harvested, dramatically increasing the time (some up to one year) from the ocean to the patient/client (longer transit time means higher risk of oxidation). Boron Joint with CurcuWIN®

New Product

Connective Tissue and Bone Health*

Item #77160

90 vegetarian capsules

Targeted nutritional support for connective tissue and bones.* Contains CurcuWIN® turmeric extract with minimum 20% curcuminoids, enhanced with boron and magnesium.*

Suggested Use

As a dietary supplement, 1 capsule three times daily for one month, and then 1 capsule one or two times daily, or as directed by a healthcare practitioner. Best taken with food. Increased water intake during the day is recommended.

NOTE: Higher doses of boron supplementation may increase levels of estrogen and testosterone.

Serving Size: 1 capsule
Servings Per Container: 90

CurcuWIN
SUPPORTS HEALTHY ABSORPTION

Amount per serving:

CurcuWIN® Turmeric Extract (<i>Curcuma longa</i>) root (min 20% Curcuminoids)	250 mg
Magnesium (as Magnesium Bisglycinate)	100 mg
Boron (as Boron Citrate)6 mg
Other ingredient: Hydroxypropyl methylcellulose, L-leucine, silicon dioxide, microcrystalline cellulose.

Ca-Zyme™ (calcium)

Product # 1700 (100T) | Calcium Citrate

Ca-Zyme™ supplies 200 mg calcium per tablet in the form of calcium citrate. This product also contains the antioxidant enzymes superoxide dismutase (SOD) and catalase, both from biologically grown active cultures.

Recommendation: One (1) tablet two (2) to four (4) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Calcium (as calcium citrate)	200 mg	15%
Superoxide Dismutase (from vegetable culture†)	20 mcg	*
Catalase (from vegetable culture†)	20 mcg	*

*** Daily Value not established**

Other ingredients: Stearic acid (vegetable source), modified cellulose gum and magnesium stearate (vegetable source).

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of calcium citrate (200 mg per tablet). Use in situations where calcium alone is required, or where magnesium with calcium is contraindicated. 3 tablets, 3 times a day on an empty stomach.

Product # 1781 Rev. 05/19

Ca/Mg-Zyme (Ca & Mg)

Ca/Mg-Zyme provides a tablet-based supplemental source of calcium and magnesium. These minerals, being the most abundant intracellular cations, offer benefits across various bodily systems such as cardiovascular, nervous, and musculoskeletal systems.* Each serving (6 Tablets) of Ca/Mg-Zyme supplies 300 mg of calcium citrate and 60 mg of magnesium citrate.

SKU #1732
90 Tablets

BENEFITS

Gluten free

Dairy free

*Available for Retail in- clinic

INDICATION

- Muscle Cramps
- Fever
- Menorrhagia
- Hypercalcemia
- Dermatitis
- Autoimmunity
- Hypersecretion
- Hyperthyroidism

SUGGESTED USE

Six (6) tablets each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: KEEP OUT OF REACH OF CHILDREN.

Store in a cool & dry area

Calcium Citrate

Pure, Well-Absorbed Calcium*

 Hypoallergenic

Item #70230

180 vegetarian capsules

Calcium is an important macromineral. Calcium in the citrate form is well-absorbed.*

Suggested Use

As a dietary supplement, 1 capsule one to three times daily between meals, or as directed by a healthcare practitioner. Calcium is better absorbed when taken in repeated doses throughout the day. When taking calcium supplements, consideration should be given to supplementing also with magnesium.

Contraindicated with use of aluminum-containing drugs.

Serving Size: 1 capsule

Servings Per Container: 180

Amount per serving:

Calcium (as Calcium Citrate) 150 mg

Other ingredients: Hydroxypropyl methylcellulose, L-leucine.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. Calcium Magnesium Citrate

Pure, Well-Absorbed Calcium-Magnesium*

 Hypoallergenic

Item #71980

100 vegetarian capsules

Equal amounts of calcium and magnesium, in the well-absorbed citrate form.*

Suggested Use

As a dietary supplement, 1 capsule one to three times daily between meals, or as directed as a healthcare practitioner.

Contraindicated with use of aluminum-containing drugs.

Serving Size: 1 capsule

Servings Per Container: 100

Amount per serving:

Calcium (as Calcium Citrate) 100 mg

Magnesium (as Magnesium Citrate). 100 mg

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, magnesium stearate, stearic acid.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. ChondroSamine Plus®

Product # 7815 (90C) | Comprehensive Joint Support with Glucosamine HCl

ChondroSamine Plus® provides comprehensive support for connective tissue, such as the cartilage found in joints. These tissues require an adequate supply of important nutrient building blocks to maintain their integrity. **ChondroSamine Plus®** supplies glucosamine (as glucosamine hydrochloride), along with purified chondroitin sulfates, and a complementary array of important synergistic compounds, including vitamins, minerals, MSM, and the antioxidant enzymes SOD and catalase.

Recommendation: Three (3) capsules each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant women.

Supplement Facts

Serving Size: 3 Capsules
Servings Per Container: 30

	Amount Per Serving	% Daily Value
Vitamin C (as ascorbic acid)	180 mg	200%
Niacin (as niacinamide)	50 mg	313%
Folate (as calcium folinate)	200 mcg DFE	50%
Vitamin B12 (as methylcobalamin)	3 mcg	125%
Pantothenic Acid (as calcium pantothenate)	45 mg	900%
Manganese (as manganese gluconate)	6 mg	261%
Glucosamine (as glucosamine HCl)‡	1,000 mg	*
Purified Chondroitin Sulfates (bovine)	500 mg	*
MSM (methylsulfonylmethane)	100 mg	*
Sugarcane (Saccharum officinarum) (shoot) (extract)	25 mg	*
Superoxide Dismutase (from vegetable culture†)	20 mcg	*
Catalase (from vegetable culture†)	20 mcg	*

* Daily Value not established

Other Ingredients: Capsule shell (gelatin and water), medium chain triglycerides and magnesium stearate (vegetable source).

Contains ingredients derived from shrimp and crab shell.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

‡ Glucosamine (1,000 mg elemental) derived from 1,250 mg glucosamine HCl.

Three capsules contain 1000 mg of glucosamine as glucosamine HCl. CHONDROSAMINE-S – Three capsules contain 600 mg of glucosamine from glucosamine sulfate. Both products also contain 500 mg of purified chondroitin sulfate, 180 mg of vitamin C, 25 mg of silica from raw cane, 6 mg of manganese, 45 mg of pantothenic acid, 50 mg of niacinamide, 100 mg of MSM, 200 mcg of folate, 3 mcg of vitamin B-12 (hydroxocobalamin), 20 mcg of SOD, and 20 mcg of catalase. Product should be considered for osteo and rheumatoid arthritis, joint inflammation, cartilage repair, and any other condition where increased sulfur intake is needed. 1-2 capsules, 3 times a day with meals. Contains components extracted from shrimp and crab shells and should not be used by patients who are allergic to these foods. Further, the product is not recommended during pregnancy or lactation.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does not constitute medical or marketing advice. ChondroSamine-S™

Product # 7818 (90C) | Comprehensive Joint Support with Glucosamine HCl

ChondroSamine-S™ provides comprehensive support for connective tissue such as the cartilage found in joints. These tissues require an adequate supply of important nutrient building blocks to maintain their integrity. **ChondroSamine-S™** supplies glucosamine (as glucosamine sulfate), along with purified chondroitin sulfates, and a complementary array of important synergistic compounds, including vitamins, minerals, MSM, and the antioxidant enzymes SOD and catalase. This is the same comprehensive formula as **Chondrosamine Plus®**, with the exception that **ChondroSamine-S™** utilizes the sulphate form of glucosamine.

Recommendation: Three (3) capsules each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant or lactating women.

Three capsules contain 600 mg of glucosamine from glucosamine sulfate. Both products also contain 500 mg of Purified Chondroitin Sulfate, 180 mg of vitamin C, 25 mg of silica from raw cane, 6 mg of manganese, 45 mg of pantothenic acid, 50 mg of niacinamide, 100 mg of MSM, 200 mcg of folate, 3 mcg of vitamin B-12 (hydroxocobalamin), 20 mcg of SOD and 20 mcg of catalase. Product should be considered for osteo and rheumatoid arthritis, joint inflammation, cartilage repair and any other condition where increased sulfur intake is needed. 1–2 capsules, 3 times a day with meals. Contains components extracted from shrimp and crab shells and should not be used by patients who are allergic to these foods. Further, the product is not recommended during pregnancy or lactation.

CurcuWIN® 500

Increased Absorption and Retention*

CurcuWIN® 500 contains turmeric (*Curcuma longa*) root extract, concentrated to a minimum of 20% curcuminoids. CurcuWIN® has significantly higher absorption compared to other curcumin ingredients.

In a well-controlled human clinical trial, the first curcumin study of its kind to compare commercial curcumin products, CurcuWIN® increased relative absorption of total curcuminoids 46-times over standard curcumin. CurcuWIN® also has longer-lasting action with higher serum concentrations after 12 hours.* CurcuWIN® curcumin uses a molecular dispersion process (Ultrasol technology) which converts oil soluble nutrients into water-dispersible ingredients to enhance bioavailability and retention.*

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 60

Amount Per Serving	% Daily Value
CurcuWIN® Turmeric (<i>Curcuma longa</i>) (Root) Extract (min 20% Curcuminoids)	500 mg †

† Daily Value not established.

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, silicon dioxide.

Suggested Use: As a dietary supplement, 1 capsule one or two times daily with food, or as directed by a healthcare practitioner.

Warning: Not indicated for pregnant women.

DHEA-10 mg

Product # 7830 (180T) | Dehydroepiandrosterone

Dehydroepiandrosterone (DHEA) is a natural steroid hormone produced from cholesterol by the adrenal glands. It is chemically similar to testosterone and estrogen, and is easily converted into those hormones. DHEA production peaks in early adulthood, and declines with age. Thus, many health concerns which correlate with age may also correlate with suboptimal levels of DHEA.[†] This product supplies 10 mg DHEA per tablet.

Recommendation: One (1) tablet each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: For adult use only. Not recommended for pregnant or lactating women.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
DHEA (Dehydroepiandrosterone)	10 mg	*
* Daily Value not established		

Other ingredients: Cellulose, calcium carbonate, vegetable culture[†] and magnesium stearate (vegetable source).

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Available in 5 and 10 milligram tablets. Use where DHEA insufficiency can be demonstrated (saliva, serum, or urine testing) with a decreased cortisol level. Supplemental DHEA should be used with caution when a decreased DHEA and an increased cortisol are present. In most cases, 2–25 milligrams per day is sufficient. For adult use only and not recommended during pregnancy.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. DHEA Micronized Lipid Matrix*

 Hypoallergenic

Item #74780, 10 mg
Item #74790, 15 mg
Item #72820, 25 mg
Item #72660, 50 mg
60 scored tablets

Micronized and sustained-release DHEA. It is formulated in a lipid matrix to bypass the liver, and micronized to a particle size of less than 50 microns for optimal absorption. Soy free—the source material (wild yam) is non-irradiated and non-ethylene-oxide-treated.

Suggested Use

As a dietary supplement, for women ½ to 1 tablet per day; for men 1 tablet one or two times per day; or as directed by a healthcare professional.

CAUTION: This product is a hormone, influencing the production of other hormones. Regular hormone testing is recommended. Cancer patients should consult their healthcare practitioner before use.

Serving Size: 1 scored tablet

Servings Per Container: 60

Amount Per Serving:

DHEA (Item #74780)	10 mg
DHEA (Item #74790)	15 mg
DHEA (Item #72820)	25 mg
DHEA (Item #72660)	50 mg
Other ingredients: Microcrystalline cellulose, Micosolle®, vegetable oil, vegetable wax, Cab-o-sil®, magnesium stearate, vitamin E.	

WARNING: NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS.
DO NOT USE IF PREGNANT OR NURSING. Consult a physician or licensed qualified health care professional before using this product if you have, or have a family history of, prostate cancer, prostate enlargement, heart disease, low “good” cholesterol (HDL), or if you are using any other dietary supplement, prescription drug, or over-the-counter drug. Do not exceed recommended serving. Exceeding recommended serving may cause serious adverse health effects. Possible side effects include acne, hair loss, hair growth on the face (in women), aggressiveness, irritability, and increased levels of estrogen. Discontinue use and call a physician or licensed qualified health care professional immediately if you experience rapid heartbeat, dizziness, blurred vision, or other similar symptoms. **KEEP OUT OF REACH OF CHILDREN.** Do not use DHEA if you are at risk for or have been diagnosed as having any type of hormonal cancer, such as prostate or breast cancer. To report any adverse events call 1-800-332-1088.

Intenzyme Forte™

Product # 1207 (50T) # 1201 (100T) # 1202 (500T)
Digestive/Inflammatory Response Support

Intenzyme Forte™ is a broad-spectrum proteolytic enzyme formulation containing pancreatin, bromelain, papain, lipase, amylase, trypsin and alpha chymotrypsin. It may be utilized to support numerous protein metabolism pathways.+ Proteolytic enzymes are capable of exerting influence over a wide variety of physiological and biochemical processes. The benefits of **Intenzyme Forte™** include its effect on muscle soreness and discomfort due to overexertion, the support of hormone processing, as well as providing support for healthy digestive, immune and circulatory functions.+

Recommendation: One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Tablet		
	Amount Per Serving	% Daily Value
Pancreatin 4X (porcine)	100 mg	*
Bromelain (from pineapple)	50 mg	*
Papain (from papaya)	50 mg	*
Lipase (porcine)	10 mg	*
Amylase (porcine)	10 mg	*
Trypsin & Alpha Chymotrypsin (porcine)	100 mg	*
Superoxide Dismutase (from vegetable culture†)	10 mcg	*
Catalase (from vegetable culture†)	10 mcg	*

* Daily Value not established

Other ingredients: Stearic acid (vegetable source), cellulose, magnesium stearate (vegetable source) and food glaze.

† Specially grown, biologically active vegetable culture (from organic peas, lentils, and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Source of animal and plant proteolytic enzymes. Product is high in trypsin/chymotrypsin. Use with systemic inflammation, tissue damage, arthritis, food sensitivity, increased fibrinogen, poor circulation due to inflammation or atherosclerosis (use with Porphyra-Zyme), phlebitis, and free radical conditions. With acute injury, use 10 tablets immediately and then 5 tablets, 4 times a day on an empty stomach for 3 days, and then reduce to 4 tablets, 3 times a day on an empty stomach until the inflammation and swelling abates. With chronic inflammation, arthritis, etc., use 3–4 tablets, 3 times a day on an empty stomach. Intenzyme Forte will help to thin the blood; therefore, it should be used with caution with patients who are on prescribed blood thinners.

Mg-Orotate 500™

Product # 1742 (90C) | Cardiovascular Support

Magnesium is available in many different forms, each with its own unique clinical application. In the case of magnesium orotate the clinical benefit is seen with systems that have a high energy (ATP) demand such as the cardiovascular system. The benefit of magnesium orotate is as much the byproduct of orotic acid as it is magnesium. Orotic acid is thought of as a “magnesium fixing agent” due to its influence over magnesium binding sites. **Mg-Orotate 500™** supplies 500 mg of fully reacted magnesium orotate, delivering 62.5 mg of elemental magnesium and 437.5 mg of orotic acid per 2 capsule serving.

Recommendation: Two (2) capsules (preferably at bedtime) each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 45

	Amount Per Serving	% Daily Value
Magnesium (as magnesium orotate)	62.6 mg	15%

Other ingredients: Capsule shell (gelatin and water), cellulose and magnesium stearate (vegetable source).

Each capsule of **Mg-Orotate 500™** contains 500 mg of fully reacted magnesium orotate.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. Mg-Zyme Capsules

Mg-Zyme serves as a source of additional magnesium, provided in the form of mixed mineral chelates. Ensuring sufficient magnesium intake is vital, given its essential role in numerous ATP-dependent reactions. Magnesium is crucial for musculoskeletal health, proper cardiac and immune function, as well as the maintenance of healthy blood sugar metabolism

SKU #1707
(100 Capsules)

BENEFITS

-  Provides inflammatory support
-  Optimizes neuronal activity
-  Supports cardiac excitability
-  Maintains vascular tone
-  Helps maintain blood pressure
-  Enhances peripheral blood flow
-  Supports muscular contraction
-  Boosts energy production
-  Provides mood support
-  Optimizes blood glucose levels
-  Supports cellular growth and reproduction
-  Gluten free
-  Dairy free
-  GMO free

*Available for Retail in- clinic

INDICATION

- Macromineral support
- Neuromusculoskeletal support
- Cardiovascular stress
- Kidney and gallstones
- Fibromyalgia
- Osteomalacia

SUGGESTED USE

One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts

Serving Size: 1 Capsule

	Amount Per Serving	% Daily Value
Magnesium (as magnesium aspartate, magnesium glycinate and magnesium gluconate)	100 mg	24%

Other ingredients: Capsule shell (gelatin and water), organic vegetable culture†, magnesium stearate (vegetable source) and stearic acid (vegetable source).

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten, dairy and GMO free.

MSM

Methylsulfonylmethane

 Hypoallergenic

Item #72850

150 vegetarian capsules

MSM is a bioavailable form of sulfur related to dimethylsulfoxide (DMSO). Sulfur is an element found in all living organisms, and 85% of it is provided by MSM and related compounds. We include molybdenum because taking supplemental MSM may encourage urinary excretion of molybdenum.*

Suggested Use

As a dietary supplement, 1 to 3 capsules one to five times daily, or as directed by a health practitioner.

Serving Size: 3 capsules
Servings Per Container: 50

Amount per serving:

Molybdenum (as Sodium Molybdate)	30 µg
Methylsulfonylmethane	1.5 g

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, L-leucine.

Disclaimer: This document contains product details sourced from manufacturers . Informational purposes only. Does does not constitute medical or marketing advice. Users must always verify usage, warnings, and age-related suitability & use updated information. MSM

Product # 7805 (60C) | Methylsulfonylmethane

MSM supplies a supplemental source of methylsulfonylmethane (**MSM**), an organic sulfur-containing compound. Sulfur is a necessary element for the production of collagen, the primary constituent of cartilage and connective tissue.⁺ It is also important in the formation of body proteins, via the formation of disulfide bonds, which serve in holding tissues together.⁺ Furthermore, intracellular sulfhydryl groups are necessary for the catalytic function of numerous enzymes.⁺ As a source of sulfur, **MSM** plays an important role in carbohydrate metabolism and in the maintenance of healthy hair, skin and nails.⁺ It has also been shown to have antioxidant properties.⁺ Since dietary consumption of sulfur-containing compounds such as methionine and cysteine is typically inadequate, **MSM** may serve as an excellent supplemental source of sulfur. Each capsule of supplies 830 mg of **MSM**.

Recommendation: One (1) capsule one (1) to two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Methylsulfonylmethane	830 mg	*
* Daily Value not established		

Other ingredients: Capsule shell (gelatin and water).

Available in both a powder form and in capsules (each capsule contains 830 mg and a teaspoonful contains 3 grams). Product has been shown to be effective with skin conditions (canine and human), where an increased need for sulfur is present (parasites, adrenal cortical hypofunction, as a synergist to magnesium and vitamin B-6, and other Krebs cycle nutrients). If MSM or other sulfur-containing products cause stomach distress, this is generally an indication of hypochlorhydria. 3 capsules or one teaspoonful per day. Always use MO-Zyme with MSM; molybdenum activates MSM in the system.

N-Acetyl Glucosamine

Non-Sulfur Glucosamine

Item #71140
90 vegicaps

N-Acetyl Glucosamine (NAG) has glucosamine attached to an acetic acid molecule, whereas glucosamine sulfate has it attached to a sulfuric acid molecule. Although research suggests that glucosamine sulfate is better absorbed than NAG, individuals sensitive to sulfur may tolerate NAG better.*

Suggested Use

As a dietary supplement, 1 capsule three times daily, or as directed by a healthcare practitioner.

Serving Size: 1 capsule	
Servings Per Container: 90	
Amount per serving:	
N-Acetyl-D-glucosamine (shrimp, crab, lobster)	500 mg
Other ingredients: Hydroxypropyl methylcellulose, L-leucine.

Optimal EFAs®-BC

Product # 1418 (120S) | Balanced EFAs with Black Currant Seed Oil

Optimal EFAs®-BC supplies a unique balance of omega-3, -6, and -9 fatty acids by using the highest quality fish, flaxseed, and black currant seed oil. Each capsule provides optimal ratios of alpha-linolenic acid (ALA), eicosapentaenoic acid (EPA), docosahexaenoic acid (DHA), gamma-linolenic acid (GLA) and oleic fatty acids.

Optimal EFAs®-BC contains EPA and DHA sourced from a strategically-placed facility in the far South Pacific Ocean off the coast of Chile, guaranteeing the freshest fish oil available with full traceability and unparalleled purity.

Recommendation: Two (2) softgel capsules two (2) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant women.

Ingredients: Capsule shell (gelatin, glycerin and water), natural mixed tocopherols, and rosemary extract.

Contains ingredients derived from anchovy.

Each Each serving of Optimal EFAs®-BC provides:	
ALA (Alpha-Linolenic acid)	530 mg
EPA (Eicosapentaenoic acid)	205 mg
DHA (Docosahexaenoic acid)	154 mg
GLA (Gamma-Linolenic acid)	152 mg
Oleic acid	200 mg

Designed by Dr. Alex Vasquez. Two capsules supply 280 mg of ALA, 159 mg of EPA, 105 mg of DHA, 112 mg of GLA, and 204 mg of oleic acid. The fatty acids are derived from a unique blend of fish, flaxseed, and borage oil. Use with inflammation, endocrine dysfunction, free radical problems, lipid/glycemic problems, and highly refined diets. This is an excellent long-term fatty acid supplement. 2-4 capsules, 3 times a day.

Osteo-B II™

Product # 1502 (180T) | Bone Health Support

Osteo-B II™, like **Osteo-B Plus®**, is a comprehensive bone support formula.* It supplies key nutritional synergists, including calcium and magnesium in a 1:1 ratio. **Osteo-B II™** is similar to **Osteo-B Plus®**; however, **Osteo-B II™** is a smaller tablet that does not contain copper, utilizes phosphorylated forms of B vitamins, and as noted above supplies calcium and magnesium in a 1:1 ratio.

Product # 6430 Rev. 01/22

Pregnenolone 25

Product # 8003 (90C) | Gluten, Dairy and GMO Free

Pregnenolone is an endogenous steroid hormone synthesized from cholesterol. As a “parent hormone,” pregnenolone can be converted to other hormones, including the sex hormones. For example, pregnenolone can be converted to progesterone, which can then be converted to DHEA, the precursor of androstenedione, the precursor to testosterone and estrone. Pregnenolone is also a neurosteroid. It is found in high concentrations in the brain, where along with other neurosteroids, it impacts synaptic function, is neuroprotective, and supports myelination.*

Recommendation: One (1) capsule each day as a dietary supplement or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 1 Capsule		
	Amount Per Serving	% Daily Value
Pregnenolone	25 mg	*
* Daily Value not established		

Other ingredients: Cellulose, capsule shell (gelatin and water) and magnesium stearate (vegetable source).

WARNING: Use only under the direct recommendation and supervision of a physician or qualified healthcare professional. For adult use only. Not recommended for individuals under 18 years of age, pregnant or lactating women, or any person who suffers from a condition such as breast cancer or prostate cancer that might be made worse by exposure to estrogen. Pregnenolone may affect other hormones such as progesterone, estrogen, testosterone and/or DHEA. Do not take this product if you have a history of seizures.

Each capsule contains 25 mg of pregnenolone. Pregnenolone is a steroid precursor hormone produced principally in the adrenals, but also in the liver, skin, brain, sex glands, and the retina. Pregnenolone is often referred to as "the mother hormone." It is formed from cholesterol and is the precursor hormone to all of the adrenal hormones (DHEA, cortisol, testosterone, progesterone, and estrogens). Consider it with arthritis, with most hormone insufficiency, depression, fatigue, memory loss, macular degeneration, and moodiness. It should not be used during pregnancy or lactation, nor by children under 18 years of age, or patients suffering with breast or prostate cancer. 1–2 capsules per day.

Purified Chondroitin Sulfates

Product # 6504 (90T) | Connective Tissue/Vascular Support

Purified Chondroitin Sulfates supplies purified chondroitin sulfate along with SOD and catalase, important antioxidant enzymes. Chondroitin sulfates (CS) function as structural components of tunica intima, giving strength and elasticity to blood vessels. With natural aging, CS are gradually replaced by other glycoaminoglycans (GAGs), affecting vascular permeability. CS also plays a role in the activation of lipoprotein lipase on capillary endothelial cells, facilitating proper metabolism of blood lipids.[†] Consider as supplemental support for healthy discs and connective tissue, and as support for vascular integrity.[†]

Recommendation: One (1) to three (3) tablets each day as a dietary supplement or as otherwise directed by a healthcare professional.

Caution: Not recommended for pregnant women.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving
Purified Chondroitin Sulfates (as a purified extract of bovine trachea tissue)	250 mg*
Superoxide Dismutase (from vegetable culture [†])	10 mcg*
Catalase (from vegetable culture [†])	10 mcg*
* Daily Value not established	

Other ingredients: Cellulose, stearic acid (vegetable source), modified cellulose gum, magnesium stearate (vegetable source) and food glaze.

[†] Specially grown, biologically active vegetable culture (from organic peas, lentils and/or chickpeas) containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

Super D3

Cholecalciferol with C and E

Item #74840

60 vegetarian capsules

Natural-source vitamin D3 produced from the lanolin of sheep wool. Vitamin D3 supports the regulation of calcium metabolism and absorption from the gut.*

Suggested Use

As a dietary supplement, 1 capsule daily, or as directed by a healthcare practitioner. Do not exceed recommended dose or use long-term without proper blood monitoring.

Serving Size: 1 capsule

Servings Per Container: 90

Amount per serving:

Vitamin C (as Ascorbyl Palmitate) 2 mg

Vitamin D3 (as Cholecalciferol) 2000 IU

Vitamin E (as Mixed Tocopherols) 20 IU

Tocotrienols 3 mg

Other ingredients: Hydroxypropyl methylcellulose, rice flour, silicon dioxide.

Vitamin D3 Complete Softgels Daily Balance with A and K2

Vitamin D3 Complete Softgels is formulated to respect the crucial importance of balancing vitamin D with vitamin A.* It also contains the other oil-soluble vitamins, K2 (menaquinone-7) and DeltaGOLD® tocotrienols (part of the vitamin E family). Vitamin D3 Complete Softgels is formulated for safe, long-term daily supplementation for most individuals.*

This formula is based on the understanding that repletion and maintenance of vitamin D levels is best accomplished with modest, regular doses of vitamin D, balanced by vitamin A. Physiological amounts of vitamin D, as opposed to pharmacological doses, may better support vitamin D's interaction with the many kinds of tissues in the human body that have vitamin D receptors.*

Supplement Facts		
Serving Size	1 softgel	
Servings Per Container	60 or 120
